Editor's Letter

Summer 2017

Finally, Montauk has a comprehensive daily event calendar! Onmontauk.com. All through the spring we've worked hard to partner with movers and shakers around Montauk so that we can create the ultimate daily event calendar for the End. We've printed a partial list in this summer issue but the full calendar, including complete event details and last-minute happenings, lives at onmontauk.com. You'll be amazed at how much is going on every day this summer here in Montauk! Check it out. We are also launching a great Jitney promo in July for some of our top Montauk partners, including the Salt Cave and Uihlein's Marina. If you're one of the lucky riders coming from Manhattan on Friday nights through the summer you might score a great On Montauk beach tote filled with goodies and promotions. You'll know the tote when you see it. Lastly, I'd like to tell all of you that have read this far to get involved with the Montauk Library. We are sooooo lucky, locals and visitors alike, to have such a great facility in our midst. They have great happenings almost every day for kids and adults and a dedicated team of Montauk lovers that are full of great ideas, upon which they really act. The Montauk library is quietly, consistently, moving the needle. Their events are on our calendar. Have a great summer On Montauk.

Montauk Airport

Flies Low with a High Profile

A summer primer on KMTP

By Sunny Davis

The Montauk Airport, known as KMTP or MTP in aviation parlance, was constructed in 1957 to improve access to the hamlet by Perry Duryea Jr, who often piloted his own plane between Montauk and Albany while serving as a member of the New York State Assembly.

Today, the airport, which is out near the end of East Lake Drive, is used by recreational pilots, weekenders, beach day trippers, sport fishermen, golfers... AND yes, a celebrity or two, who fly in to enjoy our beautiful hamlet in season. KMTP mainly serves the local community and its seasonal visitors, much like the small airports of Block Island, Martha's Vineyard, Nantucket and Cape Cod.

Surrounded by more than 1,000 acres of county parkland with shrubbery, wetlands and dune is a 3,200-foot runway, a taxiway, six hangars, and a small terminal with two restrooms and two showers. The raw beauty there is stunning. Beach plums, blueberry bushes and cattails line the runway. Wildlife is abundant with deer, fox, and wild turkeys frequently seen meandering. Seagulls, too, often use the tarmac to open their meals.

Small aircraft await their flyboys and girls at the Montauk Airport.

Photo: Carter Randolph Tyler

Photo: Carter Randolph Tyler

Gin Beach on Block Island Sound is at the northeast end of the runway. If you walk or drive out towards Shagwong Point along the beach (park at Gin Beach at the end of East Lake Drive, permit required) you may catch a closeup of a plane right overhead on approach to the airport. At the other side, along East Lake Drive, are a few excellent restaurants like Rick's Crabby Cowboy Cafe, Dave's Grill, and Inlet Seafood, plus several marinas on Lake Montauk. Helen Gil, the Airport Manager, says that Pilots from neighboring coastal communities often fly in for the day just to relax at Gin Beach with picnic lunches or hit the restaurants on East Lake Drive, and never make it into town.

Gil says that annually about 5,000 aircraft, mostly single- and twin-engine, take off and land at KMTP, which is the island's easternmost airport. Fifteen planes are based at the facility, or tie down for the summer there. Most flights involve locally based aircraft with a mix of helicopters and twin-engine planes and seaplanes doing drop-ins for the summer season. Noise abatement procedures are strictly enforced, Gil says, adding that helicopter and other commercial flights are very cooperative with these rules.

Gil notes that the airport is a crucial resource for the community. Should Montauk Highway ever flood along the Napeague stretch and isolate Montauk, for instance,

MTP airplane chocks await planes.

KMTP could be used to bring in relief supplies and emergency personnel. Moreover, KMTP currently serves as a “reliever airport” for other smaller airports in case of emergencies.

“Things are fine just the way they are and no expansion is planned,” Gil says when asked about the airport’s future. “Our management is happy to keep it small, and keep it real.” ☺

Nostalgic Martell's Still Smokin'

Montauk main street staple is rife with history, sundries and cigars

By Debbie Tuma

A respectable selection of a rather niche product is incongruously displayed behind the counter in Jimmy Martell's quaint, nostalgic store on Main Street, which for decades has supplied Montauk with a broad range of traditional staples such as stationary, gifts, greeting cards, newspapers, beach chairs, umbrellas, maps, hiking books, candy, toys, games and nautical gifts. Enter cigars, and Cuban ones at that.

Outwardly a hodgepodge of necessities for tourists and locals alike, Martell's Stationary and Gifts has been around for decades and remains a Montauk institution that is overlooked by many but deserves a visit from all. You're likely to be underwhelmed walking in but will probably exit with a purchase. It's a curiously compelling place in a quaint, almost surreal, way, and living Montauk history.

Owner Jim Martell, whose family started the first Martell's out by the Montauk Lighthouse in 1929, said that back then, they carried only a few machine-made cigars to go with the victuals appropriate for the day.

"At this tiny convenience stand next to the former Wyandaneer Inn my parents had a small selection of cigars along with all the souvenir and tourist items. But it grew over the years and we relocated our store a few times," Jim chuckled. The old Wyandaneer Inn was constructed in 1928. After the military pulled out of Camp Hero in the late 1960's, the buildings were so dilapidated that the fire department burned them down, including the inn.

In 1946, Jim's parents, Jenny and

Martell's is exciting, yet compelling, and living Montauk history

Jim Martell, Sr., moved their store to the first floor of the family's gas station, which is adjacent to their current location at 809 Main Street, at the corner of Essex Street. For many years they lived over the gas station, near their store. An avid fisherman, Jim Sr. added lots of fishing equipment, including lures and plugs, to the store, which continued selling numerous Montauk souvenirs, gifts, papers, ice cream, candy and beach items.

Photo: Carter Randolph Tyler

On Montauk, after talking with Jimmy, set out to find a cigar smoker. We did. Bill Sagal lights up in front of MBC.

In 1956, Martell's moved to its current location and eventually doubled in size as business grew. Jim Jr. took the reins in 1976 after his father's death and after years of expanding the store, decided in the 2000s to increase the size of the cigar selection and added, for good measure, his personal coin and rock collections... the latter gathered from hiking around Montauk. Many of Jim's cigar selections are handmade, stacked on shelves, and climate controlled for temperature and humidity.

Boosting the cigar portfolio satisfies Jim's own love of a good cigar now and then but also responds to a growth in popularity. "People have asked for them," he said, walking over to the humidor behind his front counter. "The whole cigarette market is shrinking due to health concerns, but if people puff on a cigar now and then it seems to satisfy them with less guilt, and it's also more relaxing."

Jim says that to fully appreciate a cigar, it must be kept at a certain level of

"You will probably exit with a purchase"

humidity to prevent the tobacco from drying out and the specimen from becoming brittle. He notes the importance of sealing the cigar in an air-tight bag if it is to be smoked later.

The cigar “department” at Martell’s offers a

full selection of choices, from basic handmade cigars up to special aficionado specimens...and most recently, the Cubans.

“About six months ago I started working on getting Cuban cigars, and I’m still in the process,” he says. “The Cuban cigar market is growing and hopefully will expand further.”

When asked about the price range, Jim explains that house brand cigars, made in Nicaragua, range from \$3.95 to \$4.29. “But once you get into name brand cigars, there are all different prices ranges, from Cuban Round at \$5.95 to Oliva Serie G (aged Cameroon from Nicaragua) at \$11.49. Some of the top end cigars are Padron, at \$16.50 up to the \$20 range. Then there are specialty cigars that are high priced and suited to unique customers. “For example, a ‘God of Fire’ cigar, by Carlito, sells for \$49.95,” he said.

Martell’s also sells “cigar box empties,” or empty cigar boxes, which are often

“People enjoy cigars for many of the same reasons that they enjoy wine”

decorative and used to store personal items, for \$2.50 each. He even has cigar casks made into banks, where people can keep their change.

Jim says that most of his customers settle on a particular cigar once they hit upon one that really appeals. He said some customers prefer darker versus lighter tobacco, which has a bearing on the taste of the cigar. He said tobacconists usually have selections that comprise both darker or lighter tobacco in the same cigar configurations that customers have come to enjoy.

“People enjoy cigars for many of the same reasons that they enjoy wine,” said Jim. “The draw and taste of a cigar has a lot to do with regional soil conditions and weather, along with the different types of tobacco seeds used in the growing area. Also, the mix of tobacco leaves in the make-up of the cigar, along with how it is rolled and wrapped, makes for an always revealing experience.”

So next time you’re craving a cigar in Montauk (yes, we understand that is probably not why you are here), stop by Martell’s Stationary and Gift Store on Main Street, near their gas station, for a fix and a bit of Montauk nostalgia.

Jim notes: “The times may have changed but our name is still the same. We’ve been in business for many years and are one of the few places left where the person behind the counter shares a name with the store sign.” 🍷

Harvest on Fort Pond

Styles and Satiates with the Perfect Montauk Dinner

By Debbie Tuma

A soft pink glow settled over the water at Harvest on Fort Pond, enchanting diners from almost every window at 7pm one Wednesday in May. We could tell this large yet warm restaurant in Montauk was popular as even mid-week there was about an hour wait.

My dining partner and I cruised through a cozy cocktail area outside the main bar where people sat on high tables eating, or drinking. The bar had a lively crowd in this sophisticated dining spot. The manager, Brienne, seated us at a table for two in the back facing the amazing Fort Pond landscape. Part of the beauty of Montauk is its magical lighting. We watched the last rays of sun slip behind the watery horizon, leaving only streaks of lavender and pink. So far so good.

"If you like Calamari, this salad is a no brainer"

Harvest is one of four restaurants owned by Fort Pond Bay Company, which creates waterfront restaurants and inns. They also own East by Northeast Restaurant in Montauk, which is also on Fort Pond, and the adjacent, newly renovated Stone Lion Inn. They also own two upstate restaurants—Harvest on Hudson and Half Moon Restaurant, in Westchester.

Our waitress Jean came right over to take our drink order, Chardonnay and a Dewar's on the rocks. All around us, couples, families and large groups looked happy and relaxed in this pleasant atmosphere. I had been told by friends to try the Calamari Salad, an easy decision, and since my dining partner loves shellfish we also ordered the PEI Mussels (for Prince Edward Island). They came in a tasty juice with wine, garlic, tomatoes, onions and shallots, which was perfect for dipping the crusty bread which came with our meal. The large Calamari Salad was indeed a great choice.

It consisted of a very healthy portion of delicate, lightly fried calamari mingled with light, fresh Frisee lettuce, all tossed with a zesty miso vinaigrette. If you like Calamari, this salad is a no brainer.

Harvest is known for its generous servings but you can choose from either half or whole portions in the off-season. Either way you will not go home hungry. We chose half-portions all around and still took some food home.

It was a hard choice for the entrees. My friend was stuck between the Pork Tenderloin and the Skirt Steak while I pondered the Seafood Bruschetta, one of their most popular dishes with assorted seafood, and the Montauk Fluke. Since I'm a fisherman's daughter I can never resist good old-fashioned fresh fish off the dock and I know you can't go wrong with fluke or flounder in the fishing capital of Montauk. I was pleased with my choice as the

some lovely Risotto, with garden-fresh carrots and peas. My friend enjoyed the huge portion of Skirt Steak, medium rare. It was super tender and served with a large helping of tasty arugula salad.

Executive Chef Jake Williams specializes in Italian and seafood fare, and much of it is served family-style. Other entrees include Swordfish Picata and Salmon.

There are also Grilled Pizzas and Pasta dishes. The wait staff is plentiful

and the service is excellent...we had two waitresses tending to us, Jean and Lauren, with strong, young Justin running all the food out from the kitchen.

The desserts at Harvest are, consistently, enormous. When I saw my Flourless Chocolate Torte with Coffee Gelato, Hazelnuts and Whipped Cream, I knew I was taking some home. It

was sinful and delicious...moist, dark chocolate cake with a rich chocolate icing. My friend enjoyed her Tiramisu, which was a large square of chocolate-cheese-filled loveliness. She noted that it was super tasty and "light as air."

Other amazing desserts on the menu include Cinnamon Dusted Cronut (a combination of croissant and donut), Frozen Key Lime Pie, and Crème Puffs. Since we were more than full, on the way out we decided to stroll around the garden patio that contains outside seating in summer. This is a lovely place to sit, with great views of the pond.

OLD-FASHIONED FRESH FISH OFF THE DOCK"**

Uihlein's Marina Turns 60

By Debbie Tuma

Henry Uihlein (pronounced "You Line") sat behind his desk at Uihlein's Marina, taking one phone call after another. "Yes, the fishing's good, we can rent you a boat. If you have experience and the weather's good you can go to the lighthouse," he said. "Yes, we have bait." Another phone call. "We have jet skis, water skis, wake boarding...."

Another phone call. "Oh no! I forgot my doctor's appointment!" I'll be there in a half-hour." Someone knocks on the office door. "Henry, can you help these people at the counter? They are looking for maps to show them where to fish."

Henry is now behind the front counter as a young couple asks him for buckets to hold fish. He is helping them decide where to take the boat today, and he calls his friend, Captain Jay. "Where did you and Phil get all the fish the other day?" he asks. Jay tells him to try Cherry Harbor, and he tells the couple. Just then, someone comes in to ask about boat storage at Uihlein's high and dry storage facility across the street. Next a few old friends stop by to say hello. Then the fire inspector drops

in to do an annual inspection.

Henry is on the phone again...and then he gets a call about room rentals at his motel across the street. Then he gets another call from his retail guy who wants to know if he has enough bait, clams and squid. "I never stop!" yelled Henry. "My cell phone goes off 100 times a day." And so it goes at Uihlein's Marina and Motel out at the dock area on West Lake Drive...if you can get 5 minutes of Henry's time, you're a lucky person. Henry is a hard worker like his

parents, who started Uihlein's Marina in 1957 and Uihlein's Motel in the early 1950's.

"This year, we're celebrating our 60th Anniversary of the marina and our 65th year at the motel," said Henry proudly. "My Mom and Dad would be happy."

His father, Henry Uihlein, Sr., a mechanic, started the marina and added Gulf Gas in 1957. He fixed cars and boats, and eventually had a fleet

of 24, 16-foot rental skiffs. He and his wife, Charlotte, lived in Howard Beach, Queens, where Henry, Sr. was born and raised, until the family moved into their Montauk motel in the early 1950's when Henry, Jr. was three. "My Mom and Dad first came to Montauk on a motorcycle in 1928, just for the day," Henry, Jr. recalled. "They liked it so much, they just kept coming out to visit."

Then, around 1948, the City of New

York started their condemnation process around Howard Beach, where his father had a junk yard, because they were expanding the former Idlewild Airport (now JFK). When they finally condemned his business property in the early 1950's, Henry and Charlotte decided to buy property and move to Montauk. They built their motel (formerly called the West Lake Drive Motel), where they also lived; it was, and is, right across the street from the marina.

Henry Uihlein, Sr. did car and boat repairs and welded anchors for many well-known Montauk fishermen like Capt. Frank Mundus, Capt. Dusty Doerzbacher, and Capt. Bob Tuma. "My Dad was a jack of all trades," said Henry, Jr. "He built the shark cage for Capt. Frank Mundus, who caught the famous 4,500-pound great white shark." His father also created and built a "boom truck" so he could drag whales and sharks onto the beach by Gosman's Restaurant. It was a sort of dump

truck, rigged up with pipes and a cable. His father also built a railway system into the water to enable him to pull boats out on the tracks.

Henry, Sr. loved being a mechanic and he used his skills to help people. "When people got stuck at the docks on a Saturday or Sunday night after fishing all day, when no auto parts stores were open and their cars wouldn't start, my Dad would solve the problem," said Henry. Jr. "He would fix the parts instead of making them get new ones, and

He said local dock characters with names like "Bernie the Brute," "Beer Belly Chet," and "Pete the Tramp," would come to his father asking for favors, wanting to use his Dad's oil pit for their cars and offering to pay him

later, or with a six-pack. As an example of how much hard work his parents put into the marina and motel, Henry Jr. said, "They changed their lives to come to Montauk. My Dad loved fishing, and he had a boat in Howard Beach, but once they came here, he worked long hours every day and he never fished."

His mother, Charlotte, ran the former West Lake Drive Motel, which was later changed to Uihlein's Motel, in the heart of the fishing docks. By the time she and her husband

be a part of the local community. "They came out to Montauk to make it their home, not just to invest, make money, and flip it," he said. "They contributed greatly to the community, and my Mom became active in the Montauk Community Church."

Throughout high school, Henry, Jr. also worked at the marina, washing boats, and doing errands. During his college summers, he learned to paint and rent boats, repair engines, and wait on customers. His parents never forced him into the business and he went his own way to become a physical

education teacher, working in the Shelter Island School. But in 1977 his father died. Henry kept teaching for five years afterwards while running the marina. In 1982 he transitioned full time to the family business.

"This is my 40th year alone here," said Henry, Jr. "Over the years I expanded the marina, building a 6,000 square-foot boat storage facility across the street. My Dad stored about 35 boats for the winter and I now have 216." His boat storage is now open year-round and although it wasn't easy replacing his Dad's skills, Henry found Jeremy

Henry Uihlein the 3rd, Henry Uihlein, Jr., Jeremy Somero

Somero, his now long-time mechanic, who he credits with the success of his business. "He has skill, sincerity, honesty, personality and ethics, just like my Dad," said Henry, Jr. "He's a problem-solver...he made the business what it is today."

Henry, Jr. is proud to have his son (yes, named Henry) working at the Marina over the busy summer months when he's on college break. He's not forcing him into the business, as he himself wasn't, but is happy to have him staying involved with the marina.

Henry, Jr. eventually bought two forklifts and the property next to him, including Sammy's Restaurant, expanded the waterfront by 200 feet, and remodeled the motel, with seven efficiency rooms. While his father had 24 16-foot wooden skiffs for rent, today Henry, Jr. rents 18 fiberglass boats, up to 32 feet, as well as jet skis, water skis, wake boards, and tubes.

This summer, Henry, Jr. is getting ready for the annual Montauk Mercury Grand Slam Fishing Tournament, held at Uihlein's Marina on July 15 and 16. It benefits the Montauk Friends of Erin and the East Hampton Kiwanis Club,

of which he is a member and past president. This big tournament is open to all adults, kids and families and this year will be honoring Capt. Frank Tuma, Sr., owner of the former "Tuma's Dock" and charter service, as "Fishing Legend of the Year." To register, call Uihlein's Marina at 631-668-3799 or visit www.uihleinsmarina.com.

How does Henry, Jr. feel about his business success? "I grew up a dock kid, along with the Kenny, Sweeney and Nicoletti families, and I'm proud to still be in this wonderful harbor of Montauk," he said. 😊

Montauk Attractions

MONTAUK POINT LIGHTHOUSE

VIEWS VIEWS VIEWS: Our magnificent lighthouse provides unforgettable 360° views of Block Island Sound, the Atlantic Ocean and beyond. The Montauk Point Lighthouse is the oldest lighthouse in New York, being authorized under George Washington in 1792. Completed in 1796, it still serves as an aid to navigation. It was designated a National Historic Landmark, in recognition of the property's national significance in the history of the United States, in 2012.

LIGHTHOUSE MUSEUM & GIFT SHOP

Located in the Lighthouse, the museum and the Gilmartin Galleries showcase the seafaring history of the Lighthouse, display historic documents, and offer guided tours. Open daily May 1 through Columbus Day, call for off-season times. Fees for Museum (includes access to Ocean and Surf museum): \$11 Adults, \$8 Seniors, and \$4 Children up to 12 and at least 41" tall; Children under 41" free, but they can't go up the tower. New York State Parking fee: \$8 631-668-2544 • MontaukLighthouse.com

MONTAUK OCEANS INSTITUTE AND SURF MUSEUM

An exploration of Montauk surfing history and culture alongside an educational primer on marine science, oceanography and physical science. Located adjacent to the lighthouse in the fog signal building. Fees for Museum (includes access to Lighthouse Museum): \$11 Adults, \$8 Seniors, and \$4 Children up to 12.

MONTAUK INDIAN MUSEUM

On the grounds of Second House, the Indian museum showcases artifacts found in Montauk from 15,000 years of Indian habitation. Open Thursday-Sunday from 12-3pm in season. Adults \$5, children \$3. montauk indianmuseum.org

SUNSET CRUISES

Several companies offer cruises to the lighthouse or Fort Pond Bay to see the glorious Montauk sunset, including **Miss Montauk II** 631-668-1545, **Ebb Tide** 631-668-2818, **Elizabeth II Charters** 516-817-1939, **Susie E.** 631-523-8862, **November Rain** 646-335-7315, **MTK Cruises** 631-668-8079, and **Mon Tiki Sailing Catamarans** 631-668-2826.

WHALE WATCHING TOURS

Held on Sundays in July and August aboard the 140 ft. Viking Starship. Tours are led by Coastal Research and Education Society of Long Island (CRESLI) staff. Our offshore waters have fin, minke, humpback, sei and right whales, common white-sided dolphins, pilot whales, and thousands of pelagic birds. Reservations suggested. Depart 9:30am, returns 3:30pm. Contact **Viking Fleet** 631-668-5700, vikingfleet.com.

HITHER HILLS STATE PARK

Has weekly activities in season for adults and children including naturalist-led walks, campfires, baseball games, and open-air dancing. All open to the public. Non-campers pay a \$10 parking fee. 631-668-2554

BLOCK ISLAND

vikingfleet.com: 631-668-5700. A high-speed ferry takes one hour to get to Block Island. Daily service through Sept. 12, leaving at 10am and returning at 5pm, plus extra Sunday departures in July and August. The ferry docks at the Viking Fleet dock in Montauk Harbor and at Champlin's Marina on Block, where you will find bicycle and car rentals plus guided tours through the taxi services. Rent a bicycle or moped, or bring a bike with you on the ferry to see beautiful farms, stone fences, and high bluffs over the Atlantic Ocean.

Beaches

DOGS are not allowed on the beaches 10am – 6pm from May 15 through September 15. No restrictions apply for the remainder of the year.

BEACH FIRES are allowed on main town beaches from 5pm – 12am but must be fully contained in a metal container. Other regulations apply. Go to onmontauk.com/beach-fire-regulations for a complete list of all requirements.

FOUR WHEEL DRIVE permits for the main town beaches can be purchased at the Town Hall Annex in the Montauk Playhouse. Free to town residents, they cost \$275 per year for non-residents. No vehicles allowed on the beaches 10am – 6pm, May 21– September 15. Other beaches around Montauk require various state or county driving permits. Read posted signs.

PUBLIC PARKING is free at the Kirk Park Beach, across from 7-11 and IGA Supermarket, and \$10 at Hither Hills State Park. Many hotels and motels provide temporary permits for their guests. Other beaches require a permit, free for residents, but \$375 per year for non-residents, for sale at the Town Hall Annex. The Hither Hills Neighborhood beach along Old Montauk Highway has four private parking areas for neighborhood residents only.

 **OCEAN SWIMMING CAN BE FUN, BUT THE POWER OF THE** water can overwhelm even experienced swimmers caught in a strong current, or rip. To be safe, always swim at a beach with a lifeguard and never swim alone. Lifeguards are generally on duty at all public beaches from 10am-5pm through Labor Day.

AMSTERDAM BEACH

(remote, unspoiled, quiet, hike to access, no facilities, dogs OK)

Walk the trail at Amsterdam Beach State Park and be rewarded by one of the most breathtaking vistas of unspoiled shoreline on the east coast. Meander along the intermittently sandy and rocky shoreline eastward or westward and be humbled. The 50-minute round-trip wooded hike includes a tunnel of American Holly and several exotic large oaks. Bring insect repellent and water as the beach has no facilities, no lifeguards...and probably no other people. Park (free) on the south side of Rt. 27 across from Deep Hollow Ranch en route to Montauk Point. <https://amsterdam-beach-preserve/>

DITCH PLAINS BEACH

(surfer spot, families, can get crowded,

permit parking)

Popular with surfers, this beach is two miles east of the village on the ocean with parking by permit only at two parking areas. The super long break makes surfing ideal for newbies or veteran long-boarders. This iconic beach has beautiful cliffs rising at its western end at Shadmoor Park, restrooms, outdoor showers, lifeguards during the summer season, and concession trailers that serve more than just snacks.

EDISON BEACH

(sandy, walkable from village hotels, close to everything, limited parking)

At the heart of the Village at the end of South Edison Street, this popular beach has a lifeguard on duty during the summer months, restaurants, restrooms, and stores nearby. Limited public parking. Be mindful of the dunes, which were recently stabilized.

GIN BEACH

(sound side, calm, families, boat watching, walk to Shagwong point, permit parking)

At the end of East Lake Drive on Block Island Sound; and named for the cattle gins, or pens, that resided here for hundreds of years, Gin Beach is great for

Beaches

families with children, with gentle water and sandy beaches. You can watch the boats come in and out of Montauk Harbor, or take a walk on the jetty. Parking by permit only. Restrooms, outdoor showers, a concession trailer, lifeguards during the summer season, and a nearby restaurant provide all the family needs for a day at the beach.

HITHER HILLS STATE PARK

(public parking, many facilities, sandy, families)

Four miles west of town on Old Montauk Highway. Lifeguards daily from mid June–Labor Day. Non-campers pay a \$10 parking fee. Nice playground, picnic tables, outdoor showers, restrooms, a changing area, and a general store.

KIRK PARK BEACH

(main town beach with free parking area; wide, sandy, open, families)

West of the Village by the IGA supermarket, this sandy beach stretches over 500 feet. Park for free at Kirk Park parking lot. Public restrooms located next to the parking lot. Lifeguards, restaurants and stores are within walking distance, along with a park and picnic area across the street. The dunes were recently stabilized and stairways were put in place.

NAVY ROAD BEACH

(sound side, calm, pebbly, kayak launch, families, no facilities, permit parking)

On beautiful Fort Pond Bay at the end of 2nd House Rd. Great for launching kayaks, paddleboards, and small boats. A favorite spot for locals and families. The beach is pebbly, so take swim shoes. Parking by permit only. Dine waterside at Navy Beach, just down the beach. Boats and small yachts frequently moor in the Bay.

THE OTHER BEACHES

(walkable even if not parkable)

Montauk, surrounded by water on three sides, has many more beaches, but most of them are not protected by lifeguards and parking is not straightforward. For those who enjoy walking the beach, there are many options, as all beaches are public up to the high tide mark. A popular walk is from the village to Ditch Plains beach, where you see the cliffs of Shadmoor on the way. At high tide parts of the beach may be impassable.

Summer picks from Whites

Trending at Whites this summer are four picks that tell us people are looking forward to a hot beach season, weather-wise and otherwise. So enjoy, be safe and drink responsibly!

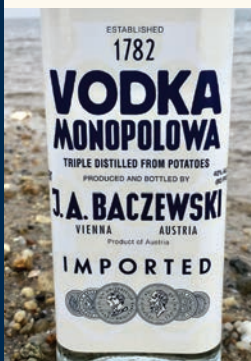

2015 - STONECROP SAUVIGNON BLANC

2015 Stonecrop Sauvignon Blanc One of Montauk's favorite wines. Stonecrop is a small family-owned vineyard in Martinborough, NZ. It is owned by Andy and Sally, who live right here in Montauk. The 2015 Sauvignon Blanc has great balance with a crisp finish that goes great with seafood or any summer dish.

2016 CROTEAUX ROSÉ

Made on the North Fork of Long Island. Croteaux vineyard is dedicated to only making rosé wine, which makes this selection notable. The 2016 merlot rosé has a beautiful aroma and dry finish. Perfect for the beach or pool!

MONOPOLOWA VODKA

This vodka is triple distilled from potatoes in Austria. It has won numerous awards and is a great vodka for the price. It has a complex, appealing flavor with a smooth finish. Great when served chilled straight up or with a twist of lemon. Another Montauk family owned product that has rich history.

SANTERA BLANCO TEQUILA

Our newest tequila this summer! Santera blanco tequila is un-aged and goes through a filtration process that makes this tequila's taste one of a kind. It is 100% de agave azul and is well balanced with a soft finish. Perfect for sipping or for your margaritas. An award-winning tequila!

KITESURFING & WINDSURFING

Napeague Harbor is one of the most popular places for kite/windsurfing in the northeast, with 360 degrees of sandy, uncrowded shoreline and miles of shallow, waist-deep water.

SNORKELING & SCUBA

The H.M.S. Culloden, a popular dive spot, is about a mile west of the Montauk jetties at Culloden Point. The English frigate "Culloden" sank in 1871 just 150 feet offshore and rests in about 20 feet of water.

STAND UP PADDLEBOARDING

SU paddleboarding is increasingly popular and great exercise, fun, and works everywhere: ocean, sound, & lakes.

PUFF N PUTT: rents SUPs for Fort Pond.

COREY'S WAVE: 631-639-4879, rents SUPs,

gives lessons, and tours; call them for details; info@coreyswave.com.

SURFING

Montauk is one of the East Coast's top surfing towns. The culture is magnified by surfer-themed restaurants and shops. Ditch Plains is the heart and soul of the surfer community. If you surf Ditch and you are a newbie, remember Ditch etiquette—the surfing areas are 250 feet in either direction to the east and west of the bathing beach. Surfers looking for bigger waves head to Camp Hero, a rock-studded patch of right breakers beneath the cliffs, and Turtle Cove, the farthest east and perhaps best Montauk break, just below the Montauk Lighthouse.

COREY'S WAVE: 516-639-4879, coreys-wave.com, professional surfing instruction for all ages and abilities, private or group, plus guided surf trips, a kids' surf academy, and stand up paddleboard rental and instruction, plus group surfing events and parties.

MONTAUK HARBOR

"Fishing Capital of the World" is proudly proclaimed as you enter Montauk Harbor. Montauk is the largest commercial harbor in New York State and home port for some of the greatest sport fishing on the East Coast. Fish offshore for shark, tuna, marlin, and mahi mahi, or stay inshore for flounder, fluke, porgies, bluefish, striped bass, and blackfish, all found off Montauk's shores. During the summer months the harbor is filled with boats of all sizes, pushing out to find the fish. Montauk also has the largest commercial harbor on Long Island with draggers, long liners, and other commercial boats plying the sea throughout the year.

PARTY-BOAT FISHING FOR FAMILIES AND GROUPS

Party or "head" boats are fun for the whole family. Experienced captains and crew provide fishing gear and advice. The flat-rate price includes everything except for food, drinks, and tips to the crew. Half-day trips, great fun for the kids, will take you inshore, they generally leave at 8am and then at 1pm. Full day trips leave according to the season, so check with each boat for their times. Modern equipment and experienced captains know how to put you in the action, whether for blues, flounder, fluke, or other popular fish. Reservations, particularly in the summer months, are recommended.

THE VIKING FLEET: Schedules half day inshore trips twice daily and also offers a full offshore schedule, nighttime striped bass, two day trips, and winter cod trips. 631-668-5700, vikingfleet.com

THE MISS MONTAUK II: The 85' Miss Montauk II is a boat that is ideal for open boat Montauk fishing year-round. Family run, Miss Montauk II has a comfortable cabin and lots of room on deck. 631-668-1545, missmontauk.com

EBB TIDE: Offers two half day trips daily on their 65' custom built boat and promises super fishing for the whole family. 631-668-2818, marlinfleet.com

CHARTER BOATS FOR BIG GAME FISHING

Six-person charter boats will take you offshore for spectacular fishing for those big game fish — tuna, shark, marlin, and mahi mahi, when the warm waters of the Gulf Stream come close to Montauk's shores from late June through mid-October. Great fishing can be found for most of the year, depending on the species. When you hire a charter, you are also hiring the fish-finding expertise of a captain. Montauk's captains are legendary, and will give you a day on the water you won't forget. Call the boat to reserve.

MARINAS

UIHLEIN'S MARINA: 631-668-3799, Family owned and operated, Uihlein's is a full-service marina, boat yard and recreation center, offering Jet Ski, boat, and slip rentals, and boat sales and service.

SURFCASTING

Surfcasting in Montauk is epic and legendary, deservedly so. To do it successfully you'll need braided line at 30+ pound test and a nice selection of bucktails and plugs. Always crush your barbs, bring fish in quickly, and release safely what you won't keep. Cast out by Camp Hero, the Lighthouse, and Gin Beach, plus all the south side beaches from Montauk Point to

Permits to park after hours at Camp Hero and the Montauk Point Lighthouse Parking Lot or on the beach by the Lighthouse are sold at Montauk Downs, 631-668-5000. Purchase Gin Beach driving permits at the park office at the end of East Lake Drive. Note: A license (it's free) is required to fish beaches in NY State. Acquire your Marine Fishing License at dec.ny.gov.

FRESHWATER FISHING

Bass, sunfish, perch, and walleyes inhabit Montauk's ponds and lakes. Fort Pond is the largest, but others are deep in the woods, like Oyster Pond in Montauk Point State Park or Fresh Pond in Hither Hills State Park. Fresh water fishing requires a license—ask at the NY State Park office at Montauk Downs.

Fishing at Big Reed Pond in Theodore Roosevelt County Park requires a "Green Key" card, available at Montauk Downs.

Parks & Trails

Photo: Byor Kay Tyler

MONTAUK IS SURROUNDED BY WATER, AND TRAILS...THAT MEANDER THROUGH ACRES OF UNSPOILED PARKS THAT EXIST FOR US AND OUR wildlife. White-tailed deer, foxes, raccoons, woodchucks, squirrels, opossums, and chipmunks abound. Watch for deer while driving! Rare and majestic birds also frequent the End. You may spot an osprey, red-tailed hawk, piping plover, or even a bald eagle. Sizable concentrations of migrating birds rest in the waters off Montauk Point while seals inhabit our rocky shores during the winter months. Gannets torpedo into the ocean in fall seeking bait fish. You get the picture... you're in a natural paradise. ***Trail Maps are available at the Montauk Bike Shop and the Town Hall Annex in the Montauk Playhouse.***

AMSTERDAM BEACH PRESERVE (Great hike to the beach)

A 200-acre passive use park stretching from Ranch Road at Indian Field on the east to the Montauk Association houses (seven cottages designed by the firm of McKim, Mead and White in the 1880's) to the west. It is bordered on the north by Montauk Highway and extends southward to the Atlantic Ocean and the ocean beach. The natural topography, called "Montauk Moorlands," has tidal and freshwater wetlands interspersed throughout maritime shrub lands. This main trail head on Montauk Highway begins a one-mile hike to the ocean bluffs taking you through a holly arbor and across streams. The hilly trail affords peeks of ocean through the brambles and ends at the ocean beach and bluffs. This easy-to-

navigate trail offers a unique reward of unspoiled coastal beauty.

CAMP HERO STATE PARK

This 415-acre State Park is a decommissioned military installation converted to a state park in 2002 and a National Historic Site (also the home of conspiracy theories linked to the Philadelphia project). Several buildings, bunkers, batteries, and an old radar building remain, although they are off limits to the public. Roads cross the park, along with an extensive system of trails for hiking, bicycling, horseback riding, a beach used by surfers and surfcasters, a picnic area with grills and an old maritime forest. Park at Camp Hero Park (just west of the lighthouse) for trails and roads through Camp Hero. Parking fee is \$8 in

season. Open daily year-round from sunrise to sunset. You can also park your car on Camp Hero Road (a right turn four miles east of the village, not to be confused with the entrance to Camp Hero Park) to hike Point Woods Trail, one of Montauk's most beautiful trails, taking you south of the Montauk Highway all the way to the bluffs. Attractions: views of pristine beaches, cliffs, the lighthouse, military buildings, and an old maritime forest.

CULLODEN

This park is named after the HMS Culloden, a British 74-gun warship sailing with the Channel Fleet during the American Revolutionary War. The natural wooded area leading up to the shoreline of Culloden is also public. The trailhead is on the left side of Flamingo Road next to a small plaque commemorating the shipwreck. The marked trail from the parking area to Culloden Point is less than a mile. The natural wooded area and shoreline has seen little change from the days when the Montauketts lived here in a world of hidden ponds,

specimen trees, wetlands, and a beautiful shoreline. Attractions: Views of the bluffs at Culloden Point.

EDDIE ECKER COUNTY PARK (Great dog spot)

Located at the end of Navy Road near Rocky Point, the park has a parking lot, a dock suitable for fishing, and a rocky beach. Offers easy access to trails in Hither Woods Preserve. Good place for launching kayaks and canoes. Take your dogs to play. Open year round.

FORT POND HOUSE AT CAROL MORRISON PARK

The Fort Pond House and Carol Morrison Park are located on a four-acre site in the Shepherd's Neck area of Montauk overlooking Fort Pond. Carol Morrison was a well-loved conservationist and it is appropriate that this park, which narrowly escaped being sold to private developers in 2010, should be named after her. The park is open from dawn to dusk and the house is available for meetings and other events by appointment through the East Hampton Town Recreation Department.

HITHER HILLS STATE PARK

Located four miles west of the village of Montauk on Old Montauk Highway, with a two-and-a-half-mile beach along the Atlantic Ocean and 1,755 acres of parkland. Hither Hills has 168 campsites which can be reserved through

ReserveAmerica.com, along with hiking and nature trails. Activities include ocean swimming, saltwater fishing, square dancing, guided nature hikes, and children's programs. Non-campers are welcome, but must pay a \$10 daily parking fee. Open year round from sunrise to sunset. (631-668-2554). Hither Hills State Park along with Hither Woods Preserve and Lee Koppelman Nature Preserve form adjacent multi-use parks containing 3,000 acres with 18 different trails covering over 40 miles of terrain. Bike or hike to Fresh Pond, or take a beautiful coastal walk at Rocky Point; these loops are suitable for both walking and mountain biking. Here, trails, roads, and places retain their old colorful names. Even though the trails are blazed with color-coded markers, hikers should

HIKING TIPS

1. Buy a trail map. Although major trails are marked, many divergent ones are not. At times during the year, leaf cover can mask main trails, making it easy to get lost on side trails or even deer paths.
2. After heavy rains some trails are completely or partially underwater. The **Montauk Bike Shop** in the village will answer any questions and sells trail maps.
3. **AVOID TICKS:** With a few simple precautions, hikers and walkers can enjoy walks through our beautiful woodlands and avoid the menace of ticks. Experts recommend that you stay on the trails, wear light colors, make sure you are well covered, and use an insect repellent. Ticks tend to congregate on tall grasses, so avoid walking through these areas. After you walk or bike, check the family for ticks, particularly tiny deer ticks, which may carry Lyme disease.

Parks & Trails

take maps. Park at either the overlook at Hither Woods, the recycling center (1.5 miles west of the village on Montauk Highway), or at the Navy Road (Eddie Ecker Park) parking lot. The **Montauk Bike Shop** in the village arranges group and corporate tours, rents mountain bikes, and gives advice. Attractions: Fresh Pond; trails skirting Block Island Sound, Napeague beach, and dunes.

KIRK PARK

This quaint three-acre park, just west of the village, is maintained by the Montauk Village Association. It includes Fort Pond, which is the second largest freshwater lake on Long Island, a picnic area, a pavilion on Fort Pond, and it's next to Second House Museum and Montauk Indian Museum. The park hosts events year-round.

MONTAUK DOWNS STATE PARK

A 160-acre park that has an 18-hole public golf course (see Landsports). It also has a driving range, a putting green, and six Har-True tennis courts. A large outdoor pool and a wading pool for children is open in summer. 631-668-5000.

MONTAUK MOUNTAIN

A six-acre preserve area maintained by the Nature Conservancy. To get there, follow Second House Road north 0.7 miles to an asphalt road on the left. Park at the end of the asphalt road by the Nature Conservancy sign. The preserve is at the end of the road past the last house on the right.

MONTAUK POINT STATE PARK

This 724-acre park at the site of the Montauk Point Lighthouse offers breathtaking views of the sea, Block Island Sound, and Block Island to the northeast,

and is great for bird watching year round and seal watching in the winter months. Park your car and set off on foot to explore the area. Ask for a Montauk Point State Park trail map at the toll booth. The park has surfcasting, five miles of marked and unmarked hiking trails, a picnic area with tables, a playground, a restaurant, a gift shop, and restrooms. Daily parking costs \$8. The Montauk Point Lighthouse, a museum run by the Montauk Historical Society, is open to the public daily in season.

This park is contiguous with Camp Hero Park and the Sanctuary and there are several hiking trails that cross them. To the north of Montauk Highway, look for signs for Money Pond Trail, Oyster Pond trail and the Seal Haul Out Trail, where seals can be seen on the rocks just offshore from December through April. Attractions: beautiful rugged shorelines, migrating birds, hidden ponds, seals in the winter.

SHADMOOR STATE PARK

Located two miles east of the village on Montauk Highway, this 99-acre tract of land has a half mile of ocean frontage where tall clay cliffs plunge down to a pebble strewn beach. If you are coming by car, park in the parking lot at the entrance to the park. About 30 percent of Shadmoor is freshwater wetlands with several small ponds hidden in the thickets. Trails and dirt roads lead to the bluffs from the entrance on Montauk Highway, offering an easy, though sometimes muddy, walk. A passive-use park, Shadmoor was home to two WWII gun emplacement sites trained on offshore waters to deter German submarines. A good family hike. Attractions: dramatic vistas of Montauk shoreline, sea and rolling waves, easy hike.

MONTAUK COUNTY PARK

Two entrances: one at the end of East Lake Drive just north of the airport, where the park office is located, and the other at Third House, three miles east of the village on Montauk Highway. A total of 1,126 acres features three and a half miles of color coded nature trails restricted for hiking (a self-guided nature trail brochure is available), five miles of bridle paths, a picnic area, freshwater fishing and canoeing at Big Reed Pond, surfing at the outer beach (**Gin Beach** and **Shagwong Point**), and hunting in the winter, in season. Camping is permitted for up to seven days from April through November on the outer beach for four-wheel drive vehicles with permits that are self-contained trailers. Tents are not allowed. You must have a Suffolk County Green Card, suffolkcountyny.gov. The view of Big Reed Pond from the observation deck on the blue trail, will make you understand why Big Reed Pond is a Registered Natural Landmark. Attractions: hiking, views, fishing, camping.

WALKING DUNES

Part of Hither Hills State Park on the east side of Napeague Harbor, the Walking Dunes reach a height of 80 feet as they slowly move southeast. To get to the dunes, head west on Montauk Highway and turn right at Napeague Harbor Road to the end of the paved road. Park your car here and take off on foot following the path to your right. Continue on this path and you will reach the dunes. A self-guided nature trail takes you on a three mile-long loop-trail with great views of Napeague Harbor and winds atop the ridge of the North Dune, which is the most active of the three parabolic, or U-shaped dunes. This area is a natural wonder and deceptively fragile so stay on the trails. Attractions: 80-foot high sand dunes, water birds, views of Napeague Harbor.

GUIDED HIKES

The East Hampton Trails Preservation Society conducts guided hikes year-round of Montauk's trails. Go to their web site: www.ehtps.org, for hike schedules, usually held on Saturdays. **The Concerned Citizens of Montauk**, 631-238-5720, offer outdoor activities throughout the year. Drop by their office at 6 South Elmwood Avenue in the village for advice or maps; it's your walk-in resource to everything outdoors. ccom-montauk.org.

Montauk Goes Oh So Boho at NIBI-MTK

Boho Surfer and Designer Kristin Sheeler of NIBI-MTK has moved the fashion needle for decades. Now she's pointing it at Montauk.

By Carter Randolph Tyler

One stylish girl after another walked by as I watched Days of Wild play at Atlantic Terrace with my family. The kids love running around the open, safe courtyard at Terrace; all the better if they have a fun band playing that I can enjoy with friends. I figured all the lovelies were going to the bohemian boutique, NIBI-MTK, tucked into the north side of the great lawn and, upon closer inspection, I was right. I had met NIBI's owner and designer Kristin Sheeler at a party in 2016 and figured I'd go say Hi to see what all the traffic was about.

I had to wait while she helped a few cuties get a weekend ensemble together. Then she didn't recognize me until I took off my hat (I'm bald and beautiful).

"Carter from On Montauk," I said. But shedding the hat did it. Sure enough, turns out she had a new line of hot "Day to Night" boho fashions on offer that were hot selling at the Atlantic Terrace store and the newest outpost at Solé East.

I decided to get the scoop and show everyone what the girls were buying that day in the summer issue of On Montauk. I lamented that I wasn't taking pictures earlier and I asked Kristin if I could take some shots of her patrons trying things on, but she had a model shoot planned soon and I could use those pics. Perfect.

THE NEW MAXI

"My Issabel Paisley Maxi dress will never go out of style in boho chic Montauk. I updated my classic look with an exclusive new paisley design and a beautiful empire waist line along with a sexy slit up the middle. I must say, Carter, that this dress parts the crowds and snaps necks wherever it's worn. Suggest you get one for Kay, if you dare." Hmmm.

"I live my boho style, it's not contrived."

A little background. Kristin is a lifelong outdoor sports junkie who originally came to Montauk to surf, fell in love with it, and decided to stay (that's a common refrain for many of us, isn't it?) Her long, successful career designing for fashion powerhouses like Ralph Lauren, Victoria's Secret, and Abercrombie and Fitch, for whom she travelled the world for years researching and buying pattern, has transformed girls for decades.

She's now transforming our beautiful Montauk girls (that's all of you girls here at the end, not just the summer fashionistas) at a much more personal level with a redefined boho chic look that is the essence of "NIBI", from an Algonquin word meaning Water in honor of the Native Americans who first graced Montauk. She is known as the Queen of Day-to-Night...having lived this very lifestyle for decades as she transformed from day surfing to night chilling with only one self-styled and designed outfit in her bag.

Kristin started in Montauk with a successful market research season at

Inka Kimono

KIMONO

"Kimonos have been a seaside staple for the past few seasons because they're a chic way to elevate any beach-side ensemble with tremendous ease. It's a packing must-have for any beach trip. My Inka kimono honors this trend with a jacquard pattern and saddle tie dye effect. Layer it over a bikini, like my embroidery Jaclyn swimsuit, with a suede tassel neckless or pair it with white jeans and a belt for a stylish night out."

Photo: Barry Sutton

several locations. Her NIBI-MTK boutiques are now at Atlantic Terrace and Solé East. Both Terrace and Solé have style and panache, complimenting NIBI, and vice versa. And no, the boutiques are not crazy expensive, which is part of the appeal.

After she closed her shop that night the band was still playing so we chilled and I dug a little more into the movement. "I want to inspire confidence and beauty through redefining the boho chic look for all women. At NIBI we want every women to feel beautified, empowered, and to own her look and her unique boho style," she said.

She stressed that NIBI is not just targeted to Montauk's well-heeled visitors. "We want to become trend setters and bring fashion to all women through hard work, creativity and dedication."

BOHO CHIC

"Boho fashion is all about the carefree vibe of the season while still allowing you to look chic and sophisticated. My Bali dress was designed as a summer piece to highlight the trend of colorful embroidery with an open back and an abundance of tassels that cascade down the back and the bottom of the design. My customers are eager to look hot and show off their athletic bodies. They're amazed at how good they look in this dress. It sells itself."

Photo: Barry Sutton

BALI DRESS

"So what's the story with the new NIBI-MTK collection that's driving all this foot traffic?," I asked. "Obviously something is working because your traffic is steady despite the great band grabbing everyone's attention." She responds quickly without pondering or musing. "The beauty of Montauk combined with this raw, unique boho look that our local girls come up with to live the active life they love in Montauk. I've created these unique and versatile summer styles that work from day to night. And I live my boho style, it's not contrived."

Kristin is a talker, the good kind, so she answers a lot of my questions before I ask them. Time flies chatting. Her passion is very real and I start to see the simple beauty of her design philosophy as we powwow. "Back when I started NIBI-MTK I created sexy swimwear for active women who can rely on the piece to become a key part of their day to night outfit. Something that transitions from surfing or yoga or just a fun day at the beach to an evening out... if they want."

I tell her to get into specifics with me about the pieces now that we have the whole shop to ourselves and she's not distracted by customers. What is the

Inka Scarf Dress

Photo: Barry Sulton

Swell Scarf Dress

SCARF DRESSES

"You have to layer something over your skimpy swimwear when moving beyond the sand zones and oversized t-shirts are awful. A hot new trend on the east end is a fashion forward cover-up that can go from beach to club. My Inka scarf dress and the Swell scarf dress, which are cute and stylish, embrace this trend. The new designs with embroidery detail and oversized tassels can be worn as a dress, skirt, or sarong, or as a great accent scarf on chilly nights."

Photo: Barry Sutton

*"What are these girls carrying away,
one after another?"*

trend. Now. What, specifically, are these girls carrying away, one after another, while I watched the band earlier in the afternoon?

With that, it becomes a crash course in design lingo for me and I instinctively retreated to the old maxim that a picture is worth a thousand words. The rest of our conversation that evening at the Atlantic Terrace, while kids played in the grass as the sun set and adults sipped and grooved to the funky vibe of Days of Wild, is thus dispersed before you here with Kristin and her beautiful models answering my question. Enjoy the spectacle. 🌊

Henna Dress

Photo: Barry Sutton

"I start to see the simple beauty of her design philosophy as we powwow."

POMPOMS

"These colorful balls of fun, pompoms, are making a big statement this season on everything from clothing to accessories. My Surat dress has a sexy silhouette showcasing a surfer girl's toned body and the pompoms are an accentuating tease adding a bit of playfulness. The Henna dress, with its unique cut out top and exclusive batik print that I designed, is a great cocktail look for Montauk's hotspots. I designed it to be worn day to night and focused on details, including the fun tassels down the back."

Surat Dress

Photo: Barry Sufian

COVER UPS

"My Tidal Wave Black and White cover-up is a fashionable, lightweight piece that can be styled in so many ways with the right amount of detail without wearing out the tassel look. It's really hot now and one of the newest additions to my cover-up collection. This and the Shagwong cover-up, which is a lightweight high-low dress that hits every trend for the season with a sexy crisscross back and fun beach pompoms. The cover-ups are popular now and I love their simplicity and versatility. It's a trend that won't end, I think."

SWIM SUITS

"In Montauk swimsuits can become part of your day-to-night look, so it's important for them to look chic, effortless, and be comfortable. My NIBI swimsuits convey a unique Montauk vibe. The Tassel Swim (on the cover!) has reversible bottoms and a cross-back top with tassel tie details that can be worn on the front or back of the suit. My embroidery Jaclyn swimsuit is totally boho and can be worn to chill on the beach or sip cocktails at one of Montauk's beachside hotspots. The Jaclyn is a hot seller and at least two of the girls you saw while watching Days of Wild, Carter, bought them."
