DID YOU KNOW

the South Fork has an energy shortage?

Don't worry, the solution's a breeze.

Deepwater's South Fork Wind Farm

- 15 Turbines located more than 30 miles from Montauk (out of sight from Long Island beaches)
- Delivering clean power for 50,000 homes, directly to the Town of East Hampton
- That's the power equivalent of 1,500 acres of solar panels
- Emission-free energy that will offset millions of tons of carbon

DEBBIE TUMA is a journalist, and a third generation native of Montauk. Her family started the charter fishing industry in the 1940's, and later started Tuma's Dock in the 1950's. Her father, Captain Bob Tuma, ran his charter boat "Dawn" for 60 years. She works at WLNG 92.1 Radio Station and writes for the Daily News, Newsday, and East End papers.

BOB MILLER devotes his life to life...as lifeguard, surfing instructor, ocean rescuer, and swim coach. Bob, a swimming prodigy from age 5, holds degrees in

Earth Science and oceanography from Stonybrook University and a Master's in Elementary Education and Special Education at Dowling College. He lives in Montauk full-time, sometimes traveling abroad to teach and heal.

Ariana Jasuta grew up in Montauk, where she still resides and designs. She attended The Fashion Institute of Technology in NYC and The University of Vermont before starting Kaileigh Swimwear in 2014 after designing and sewing her first bikini at home. She continues to grow the bikini business and is expanding it to the west coast and Florida.

Editor's Letter

Our daughter welcomes our one-week old into the world.

“...do good things come in threes?”

In Montauk, do good things come in threes? I hope so, because we added a third child to our family in April, our second healthy boy, that our accountant calls another little deduction, with emphasis on little, I think. This joyous event was the third leg, so happens, of an incomprehensible trifecta of events this spring that made us somnambulistic for much of April. So happens that Kay (On Montauk's lovely managing editor and my better half) was due on April 18th, the precise due date that this magazine was due at the printer. Add to that Tax Day ALSO on the 18th, and...well, it was a tough month, but truthfully if you think about it (and I have been), Montauk is loaded with proper heroes that make our tough spring look serene.

So this is the heroes issue, let's call it. Montauk heroes, who I think congregate here because they don't settle. The go where their heart takes them, which I guess is what makes them stand out in their chosen pursuits. Start with the Ladies Auxiliary of the Montauk Fire Department, who have a long, rich tradition of helping both the department and Montauk causes. All volunteers, they never ask for anything in return. We're happy to introduce you to them. Tell them thanks if you know them.

And Bob Miller, water maven and Montauk hero through and through. We had a chance to meet Bob last summer and were so impressed we had to tell his story. He loves helping people, healing, saving lives, and Montauk. You'll love his story and learn a lot about water safety from reading it. We did.

And wow I must call Nancy Atlas a hero. Not for her music (but she rocks, to be clear), but because of how she manages to pump out great happiness for everyone year after year while still properly raising a family of...yes, THREE, and staying true to Montauk in about every way I can imagine. You'll love the real Nancy as much, or more, than the rocker.

Have a great spring!

Carter

Montauk's shifting sands reveal some new destinations for 2018. Where to begin...?

New Eateries

HOOKED MTK – Hooked MTK is a locally owned, casual take out spot (or dine al fresco at their picnic tables) pioneered by Brian Mooney, formerly of the Clam Bar, just a short walk to the beach specializing in local seafood like steamed lobsters, lobster rolls, clams, oysters, steamers plus casual fare such as burgers, salads & kids meals. Grab a meal and hit the beach. Lunch, dinner, take out.

34 South Etna Ave. 631-668-2111.

BREAKERS MTK – Breakers MTK is a laid-back eatery at Breakers Motel on a beautiful stretch of Old Montauk Highway, close to town, offering casual dining indoors and al fresco, poolside service, full bar, and take out. Weekend brunch beckons, as do wine, beer, and creative cocktails après beach. Breakfast, lunch. **769 Old Montauk Hwy. (631) 668-2525.**

MTK LOBSTER HOUSE – Diego Flores, formerly of Shagwong Tavern, brings his concept of fast, casual seafood to the space above Plaza Surf and Sport (former space of Soursop Tree Café) with dishes like lobster quesadillas, steamed mussels, and baked local clams. Burgers, too.

Vacation Libation

Spring is upon Montauk so be prepared for anything that comes your way with these diverse choices for vacation libation. Our good friends at Whites Liquor tell us what's trending early this season. Drink responsibly and enjoy Montauk.

SAGAPONACKA VODKA

This glassy vodka originates from a fabled potato farm south of the highway; 20lbs in every bottle. It's gluten free and Bloody Mary friendly. Keeping it local.

ANDRIAN PINOT GRIGIO

A very well-made pinot grigio with body and flavor from Alto Adige, Italy, one of the best regions of this grape variety. Great with white clam sauce, we hear.

WOLFFER ESTATE SUMMER IN A BOTTLE ROSÉ

This gorgeously packaged rosé usually runs out before the end of summer. It's always popular with good reason. Delicious, dry and savory... don't be intimidated by the sexy bottle!

FORTALEZA TEQUILA

This reposado aged two years is stone ground from a distillery that's been in business for over 125 years. Very smooth and getting traction in this crowded field.

Montauk Library, 871 Montauk Hwy, Montauk, NY 11954

The Montauk Library is one of our best kept secrets, staffed with A-listers who keep us literate while churning out some of the best events for children and adults on the east end... a true center for the Montauk community. Director Denise DiPaolo and crew recommend 4 trending books in Spring 2018, all of which are available at the library.

Spaceman

(riveting, inspirational beach read)

by Mike Massimino

A spellbinding true story of the Long Island boy who became one of our best-known living space travelers. Despite daunting challenges and numerous setbacks, Mike Massimino never gave up his dream of becoming an astronaut. His book brings the reader into a rare, wonderful world where nerdy science meets thrilling adventure, and pulls back a curtain on just what it really means to have "the right stuff." Life at the Beach: A story about growing up at Fort Pond Bay (great gift for Montauk lover)

by Dell R. and Emily B. Cullum

Emily Cullum's photographs and family records bring Montauk's oldest fishing village vibrantly to life while the written narrative, supplied by her son Dell, ties the visual

and written history together. Life at the Beach is a delight to page through and a valuable reference tool for anyone interested in Montauk history. Reviewed by Maura Feeney, Montauk Library Local History Librarian.

Wolf in the Snow

(inspirational kid's picture book)

by Matthew Cordell

A wolf cub and a little girl are both lost in a snowstorm. How will they get home? Cordell's Caldecott Medal-winning, largely wordless picture book paints a story of unlikely friendship that will inspire children to read through pictures and learn to tell their own stories. Reviewed by Jacqueline Bitonti, Children's Librarian.

Turtles All the Way Down (young adult gem)

by John Green

John Green's anticipated new novel has 16-year-old Aza and her best friend, Daisy, set out to locate fugitive billionaire Russell Pickett by reconnecting with his son, Davis. As Aza pursues the 100k reward at stake, she tries to keep her friendships, family, and self together, despite her spiraling inner thoughts. A mystery, romance, and coming of age romp with a quirky storyline that will keep you wanting more! Reviewed by Jacqueline Bitonti, Children's Librarian.

SWIMMING, SURFING, TEACHING AND SAVING LIVES **À LA MONTAUK**

Bob Miller is The One... for Montauk.

HE GIVES MORE THAN ANY TOWN COULD EXPECT AND RESPECTS MONTAUK IN EVERY WAY, ASKING nothing in return except her blessing. He's that rare guy that wants to pay cover when he's friends with the band. He loves and respects our waves, beaches, and perhaps most of all, our kids, to whom he devotes much of his time as lifeguard, surfing instructor, ocean rescuer, and swim coach. There is no fanfare about him, just quiet toil. He sometimes travels to heal and save, but always comes home to Montauk. He doesn't need the notoriety that On Montauk is giving him in this article, but he deserves it. He's another selfless hero giving Montauk its great reputation.

By Debbie Tuma

Throughout his life, Bob has spent almost as much time on the water as on land. Perhaps because he's the water sign of Scorpio, but more likely because he just loves the rush of surfing, swimming, paddle boarding, kayaking, and everything else he can do on the water. But even as much as being in the water, Bob loves to share his passion by teaching others, and giving back to Montauk. Little did he know when he started body surfing at Jones Beach at age five that he would grow up to teach swimming and surfing to kids in Montauk and all over the world, including those with special needs, and even help save refugees on rafts in foreign seas.

Growing up on Long Island, Miller was on two swim teams at age six, swam a mile for the Boy Scouts at ten, and finished his Red Cross swim class at twelve. He learned ocean swimming and surfing around fourteen and began life guarding at sixteen, including a stint at Jones Beach and later in Montauk at age twenty-two. Miller, now 45, loves learning. He entered college to be an aerospace engineer but ended up with a BA in earth science and oceanography from Stonybrook, later earning a Master's in Elementary Education and Special Education at Dowling College. Upon moving to Montauk about 15 years ago,

Miller spent years working as a substitute teacher and occasional swimming instructor at the Montauk School.

At thirty-two, he joined the East Hampton Volunteer Ocean Rescue (EHVOR), started by John Ryan, Sr. and others. They took over the old Dory Rescue Squad, answering 911 calls for water emergencies. The team

is comprised of about seventy male and female lifeguards who are always on call and present at many local events, like triathlons.

The goal of Ocean Rescue is to drown-proof our community," he says. To this end, EHVOR created the Montauk Ocean Swim Challenge about 10 years ago to help the Montauk Playhouse Community Center Foundation (montaukplayhouse.org) raise money towards its effort to

bring a public swimming pool to Montauk. The Challenge donated around \$6,000 to the effort in its first year. The second year, Miller ran the event and joined the board at the Foundation. He has run the event with a team of devotees ever since and has so far helped raise close to \$100,000. The Challenge consists of three categories: a half-mile swim, a one-mile swim, and a 5K swim from Ditch Plains to town and back. This summer, Miller

hopes to involve the Wounded Warrior Project in the Ocean Swim Challenge. Their own fundraiser, "Soldier Ride," is the same 3rd weekend in July...and they'll be riding out to Montauk on their motorcycles. "I'd like them to come and swim and surf with us after the event," he said.

Bob and Ocean Rescue also started swimming programs at the Montauk School, where he volunteers his time for lessons. "Currently the program is only for pre-K and Kindergarten, but I'd like to see it go through eighth grade with every graduate being able to tread water for 5 minutes," he said. Bob hopes to one day be able to instruct the school swimming

program at the new Montauk Playhouse pool, once built. Beyond volunteering, Bob teaches private swimming lessons at local facilities, including Gurney's.

Bob's passion for teaching and water safety takes him beyond Montauk now and then. "Ocean Rescue is community based, inspiring people, and we have taken it globally." He says. Indeed, in 2015/16 Miller, supported by Ocean Rescue, went on a special mission to Greece to help refugees from Syria, Afghanistan and Pakistan who were trying to cross the Aegean Sea from Turkey on rubber rafts and boats. "I went to Greece for a week with a team to help these refugees cross more

safely and I ended up staying three months.” said Miller. “The conditions were terrible, and I was very moved by the strength and determination of these people whose lives were upended. I saved more lives in the first two weeks there than I had in nearly 30 years on the beach.”

Ten years ago, Miller got involved with teaching surf therapy to children with autism. In that vein, he currently volunteers his time with A Walk on Water (awalkonwater.org), an organization that takes kids with special needs and involves them, their families,

and the whole community in surf therapy. Bob, backed by Ocean Rescue, has taken the lead in keeping these events safe over the last four years and was invited to spend three weeks last September working with children from Capetown and Port Elizabeth, South Africa. "The kids I surfed with were from the most dangerous and violent communities. Helping to train their new instructors in water safety and surf instruction has left people in place to continue surf therapy, which has a real, positive impact on the kids' lives, even in my absence."

Bob is inspirational and refreshing in that he doesn't take things for granted. He talks energetically about the kids he teaches and his desire to give back to Montauk. "I am so grateful that I've had all these amazing opportunities to give back," he said. "Children teach me, too."

A Deep Bench of Heroes

Fire Department's Ladies Auxiliary are Unsung Heroes of Montauk

BY DEBBIE TUMA

MONTAUK HAS A DEEP BENCH OF HEROES. IT LURES THE BRAVE AND ADVENTUROUS. PEOPLE HAVE NEVER COME HERE TO FADE away, they've come with energy and to embrace a passion, whatever it is...Montauk feeds many. From this special pool springs heroes of many sorts: fisherman who risk their lives to feed us, surfers that make us respect the ocean and forge men on the waves, and the protectors like police and firemen. It's about time, then, that On Montauk shed some light on the members of the Montauk Fire Department's Ladies Auxiliary, a group of unsung lady heroes that toil virtually unknown behind the scenes to keep our community safe and strong.

When the Montauk Volunteer Fire Department started in 1939, there were only a few hundred brave souls living at the End. But as time passed the hamlet grew and the hard-working department needed more equipment and supplies. The Ladies Auxiliary was created in 1949 and quickly got to work fundraising through events like pancake breakfasts, bake sales, fish fries and the like. Today this team of thirty-five heroes supports our one hundred thirty-one firefighters as they do their jobs day and night, and a whole lot more.

(Left) Current officers of the Ladies Auxiliary at the Montauk Fire Department's Annual Installation of Officers, January 1, 2018 (L to R): Pat Bonnabeau (Second VP), Dorothy Malik-Atkinson (First VP), Jamie Carillo (President), Dawn Lucas (Treasurer), Erika Uribe (Secretary).

"The firemen's wives started it because the fire department was very poor, and back then you had to be related to a fireman to join," said Dorothy Malik-Atkinson, who joined the department in 1994 and is now the First Vice-President. When she joined, they had opened it up to non-related women. "Although my husband was not a fireman, I joined because I wanted to do something outside of my home and family, and because I wanted to help people," she explained. "Our first priority is to help the firemen. If a big fire breaks out, we go to the scene and keep the firefighters hydrated and replenished by giving them hot soup,

water, and sandwiches. We help them keep up their energy to do their jobs."

The Ladies have a "night fire list," where three to five members are on call each month to go to any fires. Different Montauk delis will open for them in the middle of the night, she says, adding that the women never get close enough to be in any real danger. "We go to the firehouse first and get supplies," she says. "Some of us go to the fires and others stay at the firehouse to give the firefighters food and drink when they come back.

She says the women also help on location and at the firehouse once a month

when the firemen go on drills at different locations to simulate emergency situations, sometimes using a dummy. In the past, firemen have gone to Fort Pond with the dummy to practice saving a person who has fallen through the ice and have simulated a boat fire and rescue at the Montauk Marine Basin and Gone Fishing Marina. Incidentally, firemen go to the Montauk Public School to teach fire safety with the aid of the Junior Fire Department, led by Mickey Valcich, whose members undergo fire training and can themselves become firefighters at age eighteen.

Pat Bonnabeau, recently elected Second Vice-President of the Auxiliary, said one of the most interesting drills she went to was at the Montauk Lighthouse, where the firemen simulated a heart attack rescue from the very top. "They brought in their truck and aerial ladder, which they raised up to the top of the lighthouse, then went up in full gear to rescue a dummy," she said. "They passed the dummy on a backboard to the top of the ladder and brought it down to the truck. It was very exciting to watch. We were

there a few hours and I was amazed that they did this. I felt so proud to be part of this group of people who put their lives on the line to help everyone."

Bonnabeau joined the Auxiliary five years ago, "because it is a good community organization, and I wanted to give back," she said. "It makes me feel really good that I am doing something worthwhile."

Throughout the year, the Ladies

Auxiliary helps with many different fund-raising events. One of the biggest is the annual Big Bucks Raffle, which started on Labor Day weekend in 1983. Tickets are \$100 with a limited amount sold. People can win everything from \$500 to the Grand Prize of \$50,000. Since the odds are good and so much cash is given out, this has become a popular event that sells out each year. for the reception and home-cooked food from the ladies.

Another big fund-raiser is the annual Senior Christmas Luncheon, where the ladies help cook and serve a free Christmas dinner, with all the trimmings, to all Montauk seniors. Hundreds show up for this popular day. The ladies also cook and serve food at the firehouse after the St. Patrick's Day Parade and for the annual Chief's Dinner. They also assist at the Montauk Blood Drive, run each year by Fireman Jon Forsberg, that will be September 18 this year. They also attend all the wakes and funerals of fallen firefighters. With money from their fundraisers, the Ladies Auxiliary donates to

The Montauk Food Pantry, the East End Foundation, Meals on Wheels, and the Tyler Foundation.

They are always looking for new opportunities to be involved. This year, for example, the Auxiliary became a new co-host of the annual Easter Egg Hunt on the Green, along with the Montauk Chamber and Candied Anchor.

The Auxiliary has monthly meetings run by their President, Jamie Carillo, who is in her second term. They take a hiatus in June, July and August, but keep a "fire list" of women to assist at fires or long calls. "We just want to keep everyone happy and safe," said Carillo. "This is a great bunch of women who do great community service. They keep our firemen going so they can do their very important work."

hungry Montauk kids at this year's Easter Egg Hunt on the Green, hosted by the Montauk Chamber,

The Fire Department's Head Chief, Vinnie Franzone, agrees. "The Ladies Auxiliary is very important to us. They are the unsung heroes behind the scene who at a moment's notice respond to our needs. Be it a drill, a dinner, a fundraiser; day or night I can make a call and they'll show up." Franzone said the first "Jaws of Life" equipment was bought by the Ladies Auxiliary from their fundraisers in the 1970's. Since then, it has saved many lives extricating people from vehicles.

"These women are an integral part of our system," he said. "Without them, we couldn't do a lot of events that we do. They're another cog in the wheel to help us support and protect the

community. We've had a great relationship for almost 70 years."

Dick White, a life-long fireman and Treasurer of the Montauk Fire Department, grew up in Montauk and said his mother, Ruth White, was one of the first Ladies Auxiliary members. "These ladies work hard," he said. "One of our biggest fundraisers, the Big Bucks Raffle, gets over a thousand people, and we couldn't do it without them. They cook and serve at our annual holiday dinner, for over 200 people...and at a winter fire, we firemen come back cold and tired, and they hand us a cup of hot soup or coffee with a smile and a show of support. It's uplifting—they become one of us, like a big family." ☺

Neutral colors and ribbed fabrics are very popular in spring/summer swimwear collections in 2018. Silhouettes take inspiration from 80's activewear with high cut bikini bottoms and sports bra-inspired tops. The retro look for high-waisted bikini bottoms is here for another season and is gaining popularity...and those plunging neck-like one pieces are a part of virtually every brand collection this season.

LET'S TALK SAFETY

With Bob Miller

Ocean Rescuer Bob Miller has spent a life on water; teaching, lifeguarding, coaching...and surfing. With decades of experience under his belt, he imparts some critical water safety advice in this spring 2018 issue of On Montauk. More advice from Bob follows in our summer and fall/winter editions. Stay tuned.

After over a decade of teaching surfing, two decades of coaching swimming, and nearly three decades of lifeguarding, there is something I'd like to share, which boils down to this; we all want to have fun, right? That's it, story's over? Yeah...nah, we have only just begun. But the bottom line... is about having fun.

Remember the old saying that it's all fun and games until &#! Well, this is a story trying to prevent the &#!, and the way to do that is to put safety first. By this I'll suggest that you do something that you are hopefully doing anyway: be aware of your surroundings. First thing in any first aid response is to survey the scene, look for potential dangers, assess risks... *then* respond.

When we all walk down to the beach, we take a look at the crowd and decide where to place our things. Perhaps we can also ask ourselves a few things? Is it possible the crowd is in a particular place for a reason, would you think? Possibly everyone is swimming in a particular place for a reason, perhaps...? An awareness and understanding of your environment is what we are asking for here.

What are things like surf conditions, rip currents, rocks, and jetties? These may seem like easy questions in isolation, but they are often ignored when fun is in the air. It's unfortunate that when we let our guard down, the

&#! happens. This is where your own personal risk assessment should be working for you. For example, people with children should swim near a life guarded swimming area while surfers should not surf in this zone. Common sense, right?

Perhaps if we were all simply made more aware of dangers that we may, or may not, have realized were there all along, we'd be better able to prevent trouble. For example, we are all pretty aware that a surfboard is something that would probably hurt if it hit our, or anyone else's, head... yes? Okay, so... what should we do if at some point we lose our boards? ... cover our heads! As clever as children can be, they have taught me to call

Note these location signs on the beach. 911 will ask you for the number in an emergency

this a hand helmet... as in cover your head with your hands... kids really are amazingly brilliant!

Anyway, back to that board, which is a danger to those around you if you don't hold onto it, so... please keep a grip. Yes, hold onto it. Get flipped upside-down with it, but don't let go. It's a free ride back to the surface, which is where we can all do something we enjoy...breathe. Without your board you're still doing back flips underwater, board dragging you by the leg and perhaps endangering someone else. So please... HOLD ONTO YOUR BOARD. If you can't, put on your HAND HELMET.

Okay... that said, so what if the &#! does happen on the water? First, don't panic, this is just a story. Second, don't panic at the time of an incident. Panic is not good. I'm sharing these thoughts so you can think ahead about having a plan and not succumb to panic. So thank you, again, for not panicking, but instead keeping a level head and knowing how to ask for help.

Would I be aware if someone needed help? How would I contact help? The answers should be known by every parent and, really, any beachgoer. Indeed, the town has a dedicated 911 response system for ocean emergencies for which I and about

Don't panic, know this sign.

seventy other men and women carry pagers for rapid reaction. Behind this system is East Hampton Volunteer Ocean Rescue (EHVOR), which was created to respond quickly to emergencies with lifeguards and equipment to make ocean rescues.

If you do need to call 911, here is a big tip that many overlook: note the letter and number of the big ORANGE sign staked at every public beach entrance. The 911 operator will ask you for it, making our response time faster.

Simple awareness of our surroundings... the surf, rips, rocks, lifeguards, and of course that big **ORANGE** sign... can make our summer fun safer. So please remember that old saying about how it's all fun and games until &#! Let's work together to keep it safe. Hold onto those boards as best you can out there, and when you can't, remember to cover your head, especially on the way back up to the surface.

Please be aware of your environment... just in case. 🙏

NANCY ATLAS

graces, and embraces, the End

Understand something about performer Nancy Atlas. She keeps it real by embracing so much more than fans in Montauk. Raising her family here, nurturing and respecting the land, and living, every day, the spirit of the End make her a uniquely devoted and respectable Montauker that any town would be fortunate to have.

When Nancy Atlas is not performing on stages throughout the Hamptons, this rockin,' guitar-playing singer and songwriter seeks refuge in the natural wonders of the East End. She's as happy on her surfboard tackling the waves at Ditch Plains as she is playing for crowds at bars, restaurants, and events here and around the country.

"I'm a big water person," said Atlas, 47, who lives in Montauk with her musician husband, Thomas Muse, of the band Jettykoon, and

their three children. "I swim, surf, clam, forage, go out on my paddle board, and find things along the ocean edge."

Atlas said the reason she lives in Montauk is that she enjoys nature, hiking the trails two to three

times a week with her husband, a landscape designer and fellow surfer. Along the way, she finds and picks beach plums, which she makes into jelly for the winter. She makes it in half-pints and gives

it to about 20 to 30 of her "closest friends."

"The thing I love about beach plums is that it's a specific bush that grows by the sea," she said. "I

go to the beach and bring a big bucket and cover up so I don't get poison ivy or ticks. The beach plums are not an easy find--you have to fight for them."

Jelly aside, she also loves to make a creation with the plums that she calls "Bonac Beach Bounce." She insists on its simplicity and says it was a recipe handed down to her from olden times. It consists of beach plums and a liquor of choice, like rum or vodka,

"... a sort of
pirate lifestyle"

New Years 2018 Eve by David Gribin

which she pours into attractive decanters to give as gifts. "It's sort of a tradition to open the jelly on the first snowfall of winter and the Beach Bounce on Christmas," said Nancy.

"The beach plum is ripe at the height of summer, so when you drink this concoction in the winter or spread it over your toast, it reminds you of that taste of summer when all was in a heady bloom."

Nancy jokingly refers to herself as "Diana the Huntress," because she loves to forage for food and even fish. "My friends and I have a sort of pirate lifestyle—we live off the land and sea, and we love it," she said. "We share the bounty of the East End with each other—the beach plum jelly, the lobsters, clams and fish, the home-grown vegetables—we swap things and barter with each other all the time."

Atlas, who took her name from one of

her favorite books, "Atlas Shrugged," also loves to cook and entertain in her home. She used to be a short order cook at the Clam Bar on Napeague, which she ran for 10 years, and she was also a waitress at the Corner Bar in Sag Harbor.

"I left the Corner Bar because I

wanted to gig," she says, of her venture into performing on stage. She was playing in bars three months after learning the guitar, and she performed her own original songs for five years before she played covers. She put her band, "Nancy Atlas Project," together when she was just 25. Today, it consists of four other members, besides herself—Johnny Blood, lead guitarist; Brett King, bass; Neil Surreal, keys; and Richard Rosch, on the drums.

Nancy, who grew up in Commack, Long Island and spent summers at her parents'

First time Mom with Cash 11 years ago

house in Lazy Point for many years, trained first in art abroad. She started her college years at Cambridge University in England and eventually ran off to Italy to complete her degree in Fine Art from Richmond College with a base school in London. "I didn't really have the passion to pursue painting as a career-I thought more of going into advertising," she said. Growing up, she always played music, playing piano and viola from 1st through 12th grade.

"I wrote songs from age 12 and sang in talent shows," she recalled. "I bought my first (used) guitar at 21, and at that point I knew this was what I was going to do." Since then, she and her band have played around the country and in Europe for concerts, private and corporate events, weddings and parties.

"The best part of the job is that we get to bring love, joy and happiness into the world... along with helping make a few babies and sweating out some blood, sweat and tears. It's a righteous mixture," she said. "The hardest part is that you're never off, especially as a bandleader. It's a full-time mental commitment that goes well beyond clocking out at 5pm."

As a busy wife and mother, Nancy admits that "it's not easy juggling three kids, a super creative husband, trying to find time to write, producing show after show and then actually playing them...

know me as Mom, but they also see me do what I love and that is important, or at least I think it is. We all have that fight though...whether you have kids or not. I am very lucky to have the support system of my family, specifically my mom and sister, and also my husband who plays... so he get's it, too, but it is definitely something that requires a mental sword on a daily basis."

INSTRUCTIONS

STEP 1 - Take an old decanter and give it a good scrub inside and out. Let dry and make sure it has no soap residue left on inside.

STEP 2 - Take cleaned, washed smaller beach plums (larger ones won't fit through the top) with WHOLE PIT still in them and fill the jar about a little less than half way up.

STEP 3 - Pour sugar over the beach plums until it covers half way up if you want a sweeter liquor or less than that if you just want it to have a little taste. *You must put sugar AFTER the beach plums as the plums displace a lot of the space so it's a good gauge for how much you need. If you put sugar in first it won't be drinkable.*

STEP 4 - Fill plums and sugar with your choice of clear liquor. I have found Vodka to work best but Rum or Whiskey work as well.

STEP 5 - Plug decanter.

STEP 6 - Put in a dark place and flip upside down once every few weeks.

STEP 7 - Serve at Holiday Parties. We break ours out for Christmas Dinner and it is always a hit.

Nancy says that despite her hectic, on-the-road schedule, "It's been good for my spirit to write, sing and play. I'm a much happier person when I am creating." And of her busy life as a professional, wife and mother, she says, "I've always had seven sticks in the fire at all times...I'd be writing and singing songs if I had 12 kids--it's just the way I am." ☺

Montauk Museums

MONTAUK POINT LIGHTHOUSE

VIEWS VIEWS VIEWS! Our magnificent lighthouse provides unforgettable 360° views of Block Island Sound, the Atlantic Ocean and beyond. The Montauk Point Lighthouse is the oldest lighthouse in New York, being authorized under George Washington in 1792. Completed in 1796, it still serves as an aid to navigation. It was designated a National Historic Landmark, in recognition of the property's national significance in the history of the United States, in 2012.

LIGHTHOUSE MUSEUM AND GIFT SHOP

Located in the Lighthouse, the museum and the Gilmartin Galleries showcase the seafaring history of the Lighthouse, display historic documents, and offer guided tours. Open daily May 1 through Columbus Day, call for off-season times. Fees for Museum (includes access to Ocean and Surf museum): \$11 Adults, \$8 Seniors, and \$4 Children up to 12 and at least 41"

tall; Children under 41" free, but they can't go up the tower. New York State Parking fee: \$8

Beaches

Montauk is all about beaches...they're everywhere!

Let's face it, you're surrounded. Get out there and explore. But keep it safe and always watch your kids in the water. The ocean beach can be rough and treacherous on certain days. Mind the rip currents and if in doubt, stay out. Lifeguards are generally on duty at most beaches from 10am-5pm through Labor Day. Please note lifeguard status when choosing your spots, and the orange location signs. The sound side beaches (north side of Montauk) are generally calmer.

DOGS not allowed on most beaches 10am - 6pm, May 15 through September 15.

BEACH FIRES are allowed on main town beaches from 5pm - 12am but must be fully contained in a metal container.

FOUR WHEEL DRIVE permits for the main town beaches can be purchased at the Town Hall Annex in the Montauk Playhouse. (631) 668-5081. No vehicles allowed on the beaches 10am - 6pm, MD - September 15. Other beaches around Montauk require various state or county driving permits.

PARKING is free at the Kirk Park Beach, across from 7-11, and Amsterdam Beach (limited) but a fee is charged at Hither Hills State Park and Montauk Point. Many other beaches, such as Ditch and Gin, require a parking permit, which is free for residents, available at Town Hall Annex in the Montauk Playhouse. (631) 668-5081.

AMSTERDAM BEACH

(must hike to access, remote, unspoiled, quiet, no facilities, dogs OK)

Walk the trail at Amsterdam Beach State Park and be rewarded by one of the most breathtaking vistas of unspoiled shoreline on the east coast. Meander along the

intermittently sandy and rocky shoreline eastward or westward and be humbled. The 50-minute round-trip wooded hike to the beach includes a tunnel of American Holly and several exotic large oaks. *Bring insect repellent and water as the beach has no facilities, no lifeguards...and probably no other people.* Park (free) on the

south side of Rt. 27 across from Deep Hollow Ranch.
[ehhttps.org/amsterdam-beach-preserve/](https://amsterdam-beach-preserve/)

DITCH PLAINS BEACH **(surfer spot, families, can get crowded, permit parking)**

Popular with surfers, this beach is two miles east of the village on the ocean with parking by permit only at two parking areas. The super long break makes surfing ideal for newbies or veteran long-boarders. This iconic beach has beautiful cliffs rising at its western end at Shadmoor Park, restrooms, outdoor showers, lifeguards during the summer season, and concession trailers that serve more than just snacks.

EDISON BEACH **(sandy, walkable from village hotels, close to everything, limited parking)**

At the heart of the Village at the end of South Edison Street, this popular beach has a lifeguard on duty during the summer months, restaurants, restrooms, and stores nearby. Limited public parking. Be mindful of the dunes, which were recently stabilized.

GIN BEACH **(sound side, calm, families, boat watching, walk to**

Shagwong point, permit parking)

At the end of East Lake Drive on Block Island Sound; and named for the cattle gins, or pens, that resided here for hundreds of years, Gin Beach is great for families with children, with gentle water and sandy beaches. You can watch the boats come in and out of Montauk Harbor, or take a walk on the jetty. Parking by permit only. Restrooms, outdoor showers, a concession trailer, lifeguards during the summer season, and a nearby restaurant provide all the family needs for a day at the beach.

HITHER HILLS STATE PARK **(public parking, many facilities, sandy, families)**

Four miles west of town on Old Montauk Highway. Lifeguards daily from mid June–Labor Day. Non-campers pay a \$10 parking fee. Nice playground, picnic tables, outdoor showers, restrooms, a changing area, and a general store.

KIRK PARK BEACH **(main town beach with free parking area; wide, sandy, open, families)**

West of the Village by the

IGA supermarket, this sandy beach stretches over 500 feet. Park for free at Kirk Park parking lot. Public restrooms located next to the parking lot. Lifeguards, restaurants and stores are within walking distance, along with a park and picnic area across the street. The dunes were recently stabilized and stairways were put in place.

MONTAUK POINT STATE PARK BEACH

(public parking, views, facilities, rocky, hiking, explore, no lifeguards)

Not a traditional “beach”. Park at the lighthouse parking lot (fee during season), walk down to the rocky shoreline and enjoy majestic views of the lighthouse, watch surfcasters on the rocks, or meander around the hills overlooking the ocean. The fit can hike the rocky shoreline in either direction and enjoy unspoiled Montauk coastline or carefully cross atop the lighthouse revetment and watch the ocean’s relentless assault on the giant boulders (note: the revetment is slated for overhaul and may be off-limits when construction starts).

NAVY ROAD BEACH

(sound side, calm, pebbly, kayak launch, families, no facilities, permit parking)

On beautiful Fort Pond Bay at the end of 2nd House Rd., over the railroad tracks. Great for launching kayaks, paddleboards, and small boats. A favorite spot for locals and families. The beach is pebbly, so take swim shoes. Parking by permit only. Dine waterside at Navy Beach, just down the beach. Boats and small yachts frequently moor in the Bay.

THE OTHER BEACHES

(walkable even if not parkable)

Montauk, surrounded by water on three sides, has many more beaches, but most of them are not protected by lifeguards and parking is not straightforward. For those who enjoy walking the beach, there are many options, as all beaches are public up to the high tide mark. A popular walk is from the village to Ditch Plains beach, where you see the cliffs of Shadmoor on the way. At high tide parts of the beach may be impassable.

The culture is magnified by surfer-themed restaurants and shops. Ditch Plains is the heart and soul of the surfer community. If you surf Ditch and you are a newbie, remember Ditch etiquette—the surfing areas are 250 feet in either direction to the east and west of the bathing beach. BICYCLING

MONTAUK BIKE SHOP:

631-668-8975; 725 Main St., is THE place for Montauk biking info. Call them to

rent/buy trail or road bikes, get advice on trails, and buy maps. The most popular ride is to the lighthouse, about five miles from the village. En route detour to Camp Hero State Park where roads curve through secluded wooded areas near the ocean. Take a three-mile detour to Montauk Harbor on West Lake Drive, a flat route with wide shoulders.

Mountain bikers can enjoy scenic rides over thousands of acres of parkland for the best mountain biking on Long Island. Bike trails in Hither Woods such as Talkhouse Trail and Serpent's Back offer several levels of difficulty. See Parks and Trails.

TRIATHLON

MONTAUK BIKE SHOP sells equipment and offers advice; tri-guy.com or tri-gal.com. In 1983, a local Montauk motel owner (Harborside Motel), fisherman, and surfer named Robert Aaron

staged one of the first triathlons, "The Mighty Montauk", now held every June. Several others followed. The Sprint Triathlon is held in July and the internationally renowned triathlon weekend held in September: the Sprint Mighty Man on Saturday followed by the Mighty Man 1/2 distance and Mighty Man Olympic on Sunday

EDDIE ECKER COUNTY PARK at the end of Navy Road is not a formal playground but a great open park space on Fort Pond Bay for frisbee, lawn games, running wild, walking the dog, etc.

BEACH WALKS

Montauk is surrounded by beautiful beaches. Get out there and walk, explore and unwind.

From Town, East: Walk the beach from town eastward towards Ditch Plains for nice views of cliffs with sporadic rocky and sandy shoreline. At times reaching as far as Ditch may be tough, so pay attention to the tides.

From Town, West: Walk

westward from town and pass through the beautiful Hither Hills beach, which can only be reached by walking or from private parking lots for neighborhood residents. See beautiful cliffside properties as you walk and wide expanses of white sand. You'll eventually hit Gurney's and their beach party setup, further still hitting Hither Hills State Park. You could walk all the way to East Hampton and beyond if you're inclined.

See our BEACHES section for more beach info. Other great walks would begin from Amsterdam Beach, Montauk Point, and Gin Beach. For beaches that are not publicly accessible or have restricted parking, On Montauk recommends renting a bike from the **Montauk Bike Shop (631-668-8975)**. (For the energetic, a great ride would be to Gin Beach from Town, then walk to Shagwong point.)

SURFCASTING

Surfcasting in Montauk is epic and legendary, deservedly so. To do it successfully you'll need braided line at 30+ pound test and a nice selection of bucktails and plugs. Always crush your barbs, bring fish in quickly, and release safely what you won't keep. Cast out by Camp Hero, the Lighthouse, and Gin Beach, plus all the south side beaches from Montauk Point to Hither Hills campground. The top seasons for surfcasting are spring and fall, when stripers linger off Montauk before migrating, but our big blues can be found from July through October. Permits to park after hours at Camp Hero and the Montauk Point Lighthouse Parking Lot or on the beach by the Lighthouse are sold at Montauk Downs, 631-668-5000. PARKS & TRAILS

Montauk is surrounded by water, and trails... that meander through acres of unspoiled parks that serve us and our wildlife. White-tailed deer, foxes, raccoons, woodchucks, squirrels, opossums, and chipmunks abound. Watch for deer while driving! Rare and majestic birds also frequent the End. You may spot an osprey, red-tailed hawk, piping plover, or even a bald eagle. Sizable concentrations of migrating birds rest in the waters off Montauk Point while seals inhabit our rocky shores during the winter months. Gannets torpedo into the ocean in fall seeking baitfish. You get the picture...you're in a natural paradise. Trail Maps are available at the Montauk Bike Shop and the Town Hall Annex in the Montauk Playhouse.

AMSTERDAM BEACH PRESERVE

(Great hike to the beach)

A 200-acre park stretching from Ranch Road at Indian Field on the east to the Montauk Association houses (seven cottages designed by McKim, Mead and White in the 1880's) to the west extends southward to the Atlantic Ocean. The natural topography, called "Montauk Moorlands," has

tidal and freshwater wetlands interspersed throughout maritime shrub lands. This main trail head on Montauk Highway begins a one-mile hike to the ocean bluffs taking you through a holly arbor and across streams. The hilly trail affords peeks of ocean through the brambles and ends at the ocean beach and bluffs. This easy-to-navigate trail offers a unique reward of coastal beauty. A great hike to an unspoiled beach.

CAMP HERO STATE PARK

(Great spot for biking, hiking, exploring)

This 415-acre state park is a decommissioned military base and a National Historic Site (also the home of conspiracy theories linked to the Philadelphia project). Several buildings, bunkers, batteries, and an old radar building remain, although some are off limits to the public. Roads cross the park, along with an extensive system of trails for hiking, bicycling, horseback riding, a beach used by surfers and surfcasters, a picnic area with grills and an old maritime forest. To enter the park, bear right as you approach the lighthouse from the highway. Parking fee \$8 in season. Open daily year-round from sunrise to sunset. You can also park on Camp Hero Road (a right turn before Camp Hero along the highway) to hike Point Woods Trail, one of Montauk's most beautiful trails, taking you south of the highway to the bluffs.

CULLODEN POINT PRESERVE

This park is named after the HMS Culloden, a British 74-

gun, 170-ft warship that sank in 1781 about 200 yards from shore, where it still rests. A well-marked trail that takes about 2 hours to loop (a mile or less to the shoreline) leads from the parking area off Flamingo Avenue to a picturesque rocky beach on Fort Pond Bay. The trailhead is next to a small plaque commemorating the shipwreck. The natural wooded area and shoreline has seen little change from the days when the Montauketts lived here in a world of hidden ponds, specimen trees, wetlands and beautiful shoreline. Great views of the bluffs at Culloden Point.

EDDIE ECKER COUNTY PARK

(Great dog spot, launch kayaks, canoes)

Located at the end of Navy Road (across the train tracks), the large, open park has a fishing pier, rocky beach and offers easy access to trails in Hither Woods Preserve. A good place for launching kayaks and canoes into Fort Pond Bay. Take your dogs to play. Open year round. Free parking.

CAROL MORRISON PARK & FORT POND

HOUSE

(Launch kayaks, canoes, or picnic)

Carol Morrison Park, containing Fort Pond House, is located on a four-acre site overlooking Fort Pond with a grill station, benches, and open space for play. Steps down to the pond allow for launching kayaks, etc. Carol Morrison was a well-loved conservationist and it is appropriate that

this park, which narrowly escaped being sold to private developers in 2010, should be named after her. The house on the premises is available for meetings and other events by appointment through the East Hampton Recreation Department, 631-324-2417.

HITHER HILLS STATE PARK COMPLEX

(fish, play, hike, bike, facilities)

The large beachfront park along Old Montauk Highway sits on two-and-a-half-miles of Atlantic Ocean beach and boasts 1,755 acres of parkland that stretches to Napeague Harbor. Along with hiking and nature trails, it has 168 campsites that can be reserved through **ReserveAmerica.com**. Activities include ocean swimming, saltwater fishing, guided nature hikes, and children's programs. Non-campers are welcome, but must pay a \$10 daily parking fee. Open year round from sunrise to sunset. (631-668-2554).

Hither Hills State Park, Hither Woods Preserve and Lee Koppelman Nature Preserve form adjacent multi-use parks containing

HIKING TIPS

Buy a trail map. Although major trails are marked, many divergent ones are not. Leaf cover can mask trails, causing confusion. Also, after heavy rains some trails may be muddy or inundated. The **Montauk Bike Shop** has maps and information.

Avoid Ticks: Experts recommend to stay on trails, wear light colors, be well covered, and use insect repellent. Ticks tend to congregate on tall grasses, so avoid such areas. After you walk or bike, check everyone for ticks, particularly tiny deer ticks, which may carry Lyme disease.

3,000 acres with 18 different trails covering over 40 miles of terrain stretching from the sound to the Atlantic. To access the trails north of the highway, park at either the highway overlook at Hither Woods, the recycling center (1.5 miles west of the village on Montauk Highway), or at the Navy Road (Eddie Ecker Park) parking lot. The **Montauk Bike Shop** in the village arranges group and corporate tours, rents mountain bikes, and gives advice. Bike or hike to Fresh Pond or take a beautiful coastal walk at Rocky Point. Even though the trails are blazed with color-coded markers, hikers should take maps. Attractions: Fresh Pond; trails skirting Block Island Sound, Napeague beach, and dunes.

KIRK PARK

This quaint three-acre park, just west of the village, is maintained by the Montauk Village Association. It includes Fort Pond, which is the second largest freshwater lake on Long Island, a picnic area, a pavilion on Fort Pond, and it's next to Second House Museum and Montauk Indian Museum. The park hosts events year-round.

MONTAUK MOUNTAIN

Montauk Mountain Preserve contains one of the few remaining maritime grasslands in New York and supports some of the state's rarest plants. It contains three extremely rare denizens of this distinctive and disappearing habitat: bushy rockrose, Nantucket shadbush, and New England blazing star. **DO NOT TOUCH OR DISTURB** these specimens. The six-acre preserve is maintained by the Nature Conservancy. To get there, follow Second House Road north 0.7 miles to an asphalt road on the left. Park at the end of the asphalt road by the Nature Conservancy sign. The preserve is at the end of the road past the last house on the right.

MONTAUK POINT STATE PARK

This 724-acre park at the site of the Montauk Point Lighthouse offers breathtaking views of the sea, Block Island Sound, and Block Island to the northeast, and is great for bird watching year round and seal watching in winter. Park then set off on foot to explore. Ask for a trail map at the toll booth. The park has surfcasting,

Parks & Trails

five miles of marked and unmarked hiking trails, a picnic area with tables, a playground, restaurant, gift shop, and restrooms. Daily parking is \$8. The Montauk Point Lighthouse, a museum run by the Montauk Historical Society, is open daily in season. This park is contiguous with Camp Hero Park and the Sanctuary and there are several hiking trails that cross them. To the north of Montauk Highway, look for signs for Money Pond Trail, Oyster Pond trail and the Seal Haul Out Trail, where seals can be seen on the rocks just off shore in winter. Attractions: beautiful rugged shorelines, migrating birds, hidden ponds, seals in the winter. Also see WALKING DUNES.

SHADMOOR STATE PARK

Located two miles east of the village on Montauk Highway, this 99-acre tract of land has a half mile of ocean frontage where tall clay cliffs plunge down to a pebble strewn beach. About 30 percent of Shadmoor is freshwater wetlands with several small ponds hidden in the thickets. Trails and dirt roads lead to the bluffs from the entrance on Montauk

Highway, offering an easy walk. A passive-use park, Shadmoor was home to two WWII gun emplacement sites trained on offshore waters to deter German submarines. A good family hike. Attractions: dramatic vistas of Montauk shoreline, easy hike.

MONTAUK COUNTY PARK

Two entrances: one at the end of East Lake Drive just north of the airport, where the park office is located, and the other at Third House, three miles east of the village on Montauk Highway. The park's 1,126 acres feature 3.5 miles of color coded nature trails restricted for hiking (a self-guided brochure is available), five miles of bridle paths, a picnic area, freshwater fishing and canoeing at Big Reed Pond, and surfcasting on the outer beach (**Gin Beach and Shagwong Point**). Camping is permitted for up to seven days from April through November on the outer beach for vehicles with permits that are self-contained trailers. Tents are not allowed. The view of Big Reed Pond from the observation deck on the blue trail will make

you understand why it's a Registered Natural Landmark. Attractions: hiking, views, fishing, camping.

WALKING DUNES

Part of Hither Hills State Park on the east side of Napeague Harbor, the Walking Dunes reach a height of 80 feet as they slowly move southeast. To get to the dunes, head west on Montauk Highway and turn right at Napeague Harbor Road and drive to the end of the paved road. Park here and follow the path to your right until you reach the dunes. A self-guided nature trail, the three mile loop has great views of Napeague Harbor and winds atop the ridge of the North Dune, which is the most active of the three parabolic, or U-shaped dunes. This area is a natural wonder and deceptively fragile so stay on the trails. Attractions: 80-foot high sand dunes, water birds, views of Napeague Harbor.

GUIDED HIKES

The East Hampton Trails Preservation Society conducts guided hikes year-round. Check out ehtps.org for details. **The Concerned Citizens of Montauk**, 631-238-5720, preservemontauk.com.
