Turning Trash into Treasure, Surfer Style

BY HOLLY LI

Old neoprene wetsuits are a ubiquitous byproduct of water sports but they're not exactly friendly to mother nature.

Enter NeoNeo Surf.

Photo by @LindsayMorrisPhoto

Sitting on my foamie a couple of years ago, a newbie surfer, scanning the horizon for set waves, I felt a deep, growing connection to the ocean. Unlike the many sports I'd been involved in over the decades, surfing brought me fully into the present like never before—it was terrifying, but also peaceful, powerful and awakening.

I gave myself a 50-day surf challenge that summer, paddling out every day I could. And I was bewitched, joy-drenched by the waves, and eager to take it all in. Although I've lived on the eastern end of Long Island for over 25 years, it wasn't until those meditative moments on the water's surface as a "surfer", that I realized how lucky I was to live surrounded by this breathtaking coastline. More than ever, I wanted to protect it.

My husband, being a gadget lover and having noticed my recent obsession, gave me a surf-tracking Apple Watch for Christmas. When the summer rolled around and wetsuits came off, I panicked about losing my watch. So, I made a cuff to secure it from an old wetsuit sleeve. That small hack turned into a bigger idea—a passion and protection project that I called NeoNeo Surf.

Neoprene is awful for the planet - it is petroleum-based and has almost zero biodegradability -- and I knew that many of my surf buddies had wetsuits sitting around, broken, retired or forgotten. I began collecting them and invested in an industrial sewing machine. I cut up all those donated suits — some wildly colorful and patterned — and started making fun watch cuffs, beach pouches, sunglass

sleeves and surf journals. Each one handmade, each with its own salty story.

In less than a year, NeoNeo Surf has grown into something more than I imagined. I'm now running a one-woman sustainable surf accessory business with the help of family, friends and an amazing local surf community. Every donation, every creative idea, every unique piece is a small wave of change.

We're saving the planet—one wetsuit at a time.

And if you're wondering—yes, we are all riding the green wave together. You don't have to surf to join this party wave. You just have to care.

See you out there. 🌊

I cut up all those donated suits

New Swimming Pools & Event Spaces Opening in Montauk

Images courtesy of The Montauk Playhouse Community Center Foundation

Shrouded behind the towering stucco facade of the Montauk Playhouse, a new era is being kicked off in Montauk for summer 2025 as the new \$14 million aquatic and cultural centers near completion.

After a year of construction, the aquatic center and the large second floor of new multi-use community spaces are due to be completed in June and the Montauk Playhouse Community Center Foundation will unveil the realization of a vision some 25 years in the making later this summer.

The two swimming pools will both be on the main floor of the aquatic center: a 1,000-square-foot shallow pool for aquatic therapy, fitness programs and

swimming lessons for youngsters; and a 75-foot long, four-lane wide athletic lap pool for adult swimming and more advanced aquatic training. Changing areas and men's and women's locker rooms will ring the swimming facilities.

On the second floor will be a multi-use cultural center, with flexible event spaces and community rooms. The work was originally intended to be done in two phases.

The aquatic center was among the founding visions for the Playhouse when East Hampton Town acquired the cavernous building in 1999. The Playhouse was originally built by Carl Fisher in 1929 as an indoor tennis facility and had sat largely empty for decades.

Multi-use community spaces

A vision some 25 years in the making

In 2003 the town undertook a 3-year renovation of the southern half of the building into the current gymnasium, fitness center, daycare room and town annex.

The western half sat empty, awaiting the funding support to complete the final phase of the project.

The cost of the pool construction was a public-private partnership between East Hampton Town, which kicked in \$5.5 million toward the project, and the Playhouse Foundation, which raised more than \$8 million. New York State also gave the project a \$1.7 million grant.

“This is probably one of the largest community projects in Montauk for which funds have been privately raised,

an accomplishment that is a testament to our community’s philanthropic and civic-minded members,” Sarah Iudicone, President of the Montauk Playhouse Community Center Foundation Board, said at the project’s kick-off last winter.

Iudicone said that the foundation continues to seek funding support from those in the community to help boost the programming that the aquatic and cultural centers will offer to Montauk’s residents and visitors.

“We need our community to support and take ownership of this exciting project to help it thrive and to bring its promise from vision to full reality.” 🌊

Looking to Fish? You Came to the Right Place...

BY MIKE WRIGHT

All the hype about Montauk often ignores one of its most iconic draws: surfcasting. Believe it or not, thousands come here to catch fish without ever stepping foot in a boat!

IF you didn't notice the sign out near the lighthouse, Montauk is known as "The Surfcasting Capital of the World."

And that is not just a marketing gimmick. Montauk really is the home of surfcasting – as we call the art of plying shorelines with extra-long fishing rods that can hurl a lure into the ocean breakers. For the thousands of obsessive surfcasters who wander the Northeast to catch fish from the shore, it is a true Mecca.

That reputation comes primarily from the annual fall migration, when millions and millions of fish large and

small gather in the waters between Montauk Point and Block Island in preparation for their move to warmer waters, and surf fishermen line the shorelines from Ditch Plains to Gin Beach to cast at the schools of bluefish and striped bass that churn the surface to a froth right up to the edge of land.

But fishing from the shorelines around Montauk is not just a fall thing and it's not just a pursuit for serious seasoned fishermen outfitted for battle.

Striped bass and bluefish arrive in Montauk waters in mid-April and the fishing from shore can be great from

Fluke come right up to the beach

Memorial Day well into early July. The sand beaches to the west of downtown or below the overlook parking lots are good places to start with just a moderately stout spinning rod and a “tin” like a Hopkins or Kastmaster, or a “popper.” Same goes for Ditch Plains, Turtle Cove or the shorelines to the left of the lighthouse (fishing from the rocks under the lighthouse itself is not wise for the uninitiated). For something more docile, Navy Beach or the shorelines to the north of Navy Pier in the early mornings in late May and June should have a bluefish or two cruising the shoreline.

There is also much more than just bass and bluefish that can be caught from the shoreline.

Fluke come right up to the beach and are not as sensitive to the bright times of day in mid-summer as other predators. On a calm day, any of the ocean beaches from Hither Hills to Ditch Plains are a good place to toss a small bucktail tipped with a Gulp! twisty tail and retrieved steadily so it bounces along the bottom.

Porgies are one of the easiest fish to catch from shore, either from the jetties on either side of the inlet or along the

rocky bay-side shorelines you can walk to. The fillets are delicious raw or fried in a pan. A simple porgy rig with a small lead sinker and strips of squid on the hooks should bring bites almost immediately if you have found a spot with porgies in residence. They must be at least 9.5 inches to be kept but you wouldn't want much smaller than that anyway if you are planning a fish fry.

For those looking to get away from Montauk's nighttime revelry, the lights at night around the harbor docks can attract all kinds of sea creatures. Squid will congregate around the two commercial docks owned by East Hampton Town and can be caught readily on glow-in-the-dark squid jigs. Bring a spinning rod, too, because there will be striped bass lurking along the shadow lines also.

Downtown Montauk does not have a standalone tackle shop anymore, a product of rising rents and the impact of online sales, but some of our marinas have good tackle selections in their shop stores. Uihlein's Marina, West Lake Fishing Lodge, Star Island Yacht Club and the Montauk Anglers Club all have any of the gear mentioned above and are open to the public.

Welcome to Montauk!

Built in 1796, it still serves as a federal aid to navigation, with its recently restored antique Fresnel lens.

Amsterdam Beach

Must hike to access, remote, unspoiled, quiet, no facilities, dogs OK

Walk the trail at Amsterdam Beach State Park and be rewarded by one of the most breathtaking vistas of unspoiled shoreline on the east coast. Meander along the intermittently sandy and rocky shoreline eastward or westward and be humbled. The 50-minute round-trip wooded hike to the beach includes a tunnel of American Holly and several exotic large oaks. Bring insect repellent and water as the beach has no facilities, no lifeguards...and probably no other people. Park (free) on the south side of Rt. 27 across from Deep Hollow Ranch.

Ditch Plains Beach

Surfer spot, families, can get crowded, limited East Hampton permit parking

Popular with surfers, this beach is two miles east of the village on the ocean with parking by permit only. The super long break makes surfing ideal for newbies or veteran long boarders. This iconic beach has beautiful cliffs rising at its western end at Shadmoor Park, restrooms, outdoor showers, lifeguards during the summer season, and concession trailers that serve more than just snacks. Parking restricted so arrange drop offs if you must drive.

ENJOYING THE BEACHES ON MONTAUK: SAFETY FIRST!

MONTAUK IS ALL ABOUT BEACHES!

Get out there and explore, but keep it safe and always watch your kids in the water. The ocean beach can be rough and treacherous on certain days.

MIND THE RIP CURRENTS AND IF IN DOUBT, STAY OUT.

Lifeguards are on duty only at select beaches from 10am-5pm through Labor Day.

PLEASE NOTE LIFEGUARD STATUS WHEN CHOOSING YOUR SPOTS,

and the orange location signs. The sound side beaches (north side of Montauk) are generally calmer: <https://www.ehamptonny.gov/307/Beaches>

PARKING A fee is charged at Montauk's town beach, a.k.a. Kirk Park Beach (adjacent to IGA supermarket), Hither Hills State Park, and Montauk Point. Many other beaches, such as Ditch and Gin, require a parking permit, which is only available to residents and available at Town Hall Annex in the Montauk Playhouse, 631-668-5081.

DOGS ARE NOT ALLOWED on most beaches 10am – 6pm, May 15 through September 15.

BEACH FIRES are allowed on main town beaches from 5pm – 12am but must be fully contained in a metal container.

FOUR WHEEL DRIVE PERMITS for the main town beaches can be purchased at the Town Hall Annex in the Montauk Playhouse 631-668-5081.

NO VEHICLES allowed on the beaches 10am – 6pm from the Thursday before Memorial Day until September 15. Other beaches around Montauk require various state or county driving permits.

Hither Hills State Park

Public parking, many facilities, sandy, families

Four miles west of town on Old Montauk Highway. Lifeguards daily from mid June–Labor Day. Non-campers pay a \$10 parking fee. Nice playground, picnic tables, outdoor showers, restrooms, a changing area, and a general store.

Gin Beach

Sound side, calm, families, boat watching, walk to Shagwong Point, resident permit parking

At the end of East Lake Drive on Block Island Sound and named for the cattle gins, or pens, that resided here for hundreds of years, Gin Beach is great for families with children, with gentle water and sandy beaches. You can watch the boats come in and out of Montauk Harbor. Parking by resident permit only so arrange drop offs if you must drive. Restrooms, outdoor showers, a concession trailer, and lifeguards during the summer season.

Kirk Park Beach

Montauk's main town beach – wide, sandy, open, families

West of town at the IGA supermarket. Park at Kirk Park parking lot, (fee may apply), which contains free public restrooms (across from 7-Eleven). Lifeguards, restaurants and stores in walking distance. If only in town for a few hours, this is the beach.

Edison Beach

Sandy, walkable from village hotels, close to everything, limited parking

Contiguous with Kirk Park beach at the heart of the Village at the end of South Edison Street, this popular beach has a lifeguard on duty during the summer months, restaurants, restrooms, and stores nearby. Limited public parking.

- ◆ If you need help, yell or wave for assistance.

SAFETY

- ◆ Know how to swim.
- ◆ Never swim alone.
- ◆ If in doubt, don't go out.

BEACHES

Navy Road Beach

Sound side, calm, pebbly, kayak launch, families, no facilities, resident permit parking

On beautiful Fort Pond Bay at the end of 2nd House Rd., over the railroad tracks. Great for launching kayaks, paddleboards, and small boats. A favorite spot for locals and families. The beach is pebbly, so take swim shoes. Parking by resident permit only. Dine waterside at Navy Beach, just down the beach. Boats and small yachts frequently moor in the bay.

Montauk Point State Park Beach

Public parking, views, facilities, rocky, hiking, explore, no lifeguards

Not a traditional “beach”. Park at the lighthouse parking lot (fee during season), walk down to the rocky shoreline and enjoy majestic views of the lighthouse, watch surfcasters on the rocks, or meander around the hills overlooking the ocean. The fit can hike the rocky shoreline in either direction and enjoy unspoiled Montauk coastline or carefully cross atop the lighthouse revetment and watch the ocean’s relentless assault on the giant boulders.

Gin Beach

The Other Beaches

Walkable, even if not parkable

Montauk, surrounded by water on three sides, has many more beaches, but most of them are not protected by lifeguards and parking is not straightforward. For those who enjoy walking the beach, there are many options, as all beaches are public up to the high tide mark. A popular walk is from the village to Ditch Plains beach, where you see the cliffs of Shadmoor on the way. At high tide parts of the beach may be impassable.

Surfing on Montauk: Ditch Etiquette

Montauk is one of the east coast's top surfing towns, with a culture celebrated by many surfer-themed restaurants and shops.

DITCH PLAINS is the heart and soul of the surfer community. If you surf Ditch and you are a newbie, remember Ditch etiquette — the surfing areas are 250 feet in either direction to the east and west of the bathing beach.

Surfers looking for bigger waves head to **CAMP HERO**, a rock-studded patch of right breakers beneath the cliffs, and Turtle Cove, the farthest east and perhaps best Montauk break, just below the Montauk Lighthouse.

BEACH WALKS

FROM TOWN, WEST: Walk westward from town and pass through the beautiful Hither Hills beach, which can only be reached by walking or from private parking lots for neighborhood residents. See beautiful cliffside properties as you walk and wide expanses of white sand. You'll eventually hit Gurney's and their beach party setup, further still hitting Hither Hills State Park. You could walk all the way to East Hampton and beyond if you're inclined.

See our BEACHES section for more beach info. Other great walks would begin from Amsterdam Beach, Montauk Point, and Gin Beach. For beaches that are not easily accessible or have restricted parking, remember bicycles? For the energetic, a great ride would be to Gin Beach from Town, then walk to Shagwong point along the shoreline (bring water!).

FROM TOWN, EAST: Walk the beach from town eastward towards Ditch Plains for nice views of cliffs with sporadic rocky and sandy shoreline. At times reaching as far as Ditch may be tough, so pay attention to the tides.

TRIATHLON

See tri-guy.com or tri-gal.com

In 1983, a local Montauk motel owner (Harborside Motel), fisherman, and surfer named Robert Aaron staged one of the first triathlons, "The Mighty Montauk," now held every June. Several others followed. The Montauk Point Lighthouse Triathlon is held in July and the internationally renowned triathlon weekend is held in the fall: the Sprint Mighty Man on Saturday followed by the Mighty Man 1/2 distance and Mighty Man Olympic on Sunday.

Cycling on Montauk

MONTAUK IS CYCLING HEAVEN. A popular ride is to the lighthouse, about five miles from the village. En route detour to Camp Hero State Park where roads curve through secluded wooded areas near the ocean. Take a three-mile detour to Montauk Harbor on West Lake Drive, a flat route with wide shoulders.

Mountain bikers can enjoy scenic rides over thousands of acres of parkland for the best mountain biking on Long Island. A great launch point is the Hither Woods trail head at the recycling center entrance about 1.5 miles west of town on Montauk Highway. Learn more at Parks & Trails, page 57.

FISHING

REMEMBER TO CRUSH YOUR BARBS WHEN FISHING WITH LURES...

Whether on boats or shore, crushing your barbs will make you a better fisher and save fish by reducing unhooking injuries. Also, its MUCH faster to unhook without barbs, which gets your lure back in the action faster. Perhaps surprisingly, you won't lose many fish. Try it...crushing barbs is sooo hot right now!

AND DON'T FORGET...

circle hooks are now **REQUIRED** in NYS if you are using live or dead bait.

FRESHWATER FISHING

Bass, sunfish, perch, and walleyes inhabit Montauk's ponds and lakes. Fort Pond is the largest, but others are deep in the woods, like Oyster Pond in Montauk Point State Park or Fresh Pond in Hither Hills State Park.

SALTWATER FISHING

Surfcasting in Montauk is epic and legendary, deservedly so. To do it successfully you'll need braided line at 30+ pound test and a nice selection of bucktails and plugs.

Always crush your barbs, bring fish in quickly, and release safely what you won't keep. Cast out by Camp Hero, the Lighthouse, and Gin Beach, plus all the south side beaches from Montauk Point to Hither Hills campground.

FRESH WATER FISHING REQUIRES

A LICENSE; ask at the NY State Park office at Montauk Downs. Fishing at Big Reed Pond in Theodore Roosevelt County Park requires a "Green Key" card, available at Montauk Downs.

The top seasons for surfcasting are spring and fall, when stripers linger off Montauk before migrating, but our big blues can be found from July through October. Permits to park after hours at Camp Hero and the Montauk Point Lighthouse Parking Lot or on the beach by the Lighthouse are sold at Montauk Downs, 631-668-5000.

Purchase Gin Beach driving permits at the park office at the end of East Lake Drive.

NOTE: A LICENSE (IT'S FREE!) IS REQUIRED TO FISH beaches in NY State. Acquire your Marine Fishing License at dec.ny.gov.

Camp Hero

Montauk is surrounded by water, and trails meandering through acres of unspoiled parks. White-tailed deer, foxes, raccoons, woodchucks, squirrels, opossums, and chipmunks abound. Watch for deer while driving! Migrating birds rest in the waters off Montauk Point, while seals inhabit our shores during winter and gannets torpedo into the ocean in the fall. Trail maps are available at the Town Hall Annex in the Montauk Playhouse.

Be mindful of ticks!

Amsterdam Beach Preserve

Spectacular hike to a pristine, unspoiled beach

A 200-acre park stretching from Ranch Road at Indian Field on the east to the Montauk Association houses (seven cottages designed by McKim, Mead and White in the 1880's) to the west extends southward to the Atlantic Ocean. The natural topography, called "Montauk Moorlands," has tidal and freshwater wetlands interspersed throughout maritime shrub lands. The main trail head on Montauk Highway begins a one-mile hike to the ocean bluffs taking you through a holly arbor and across streams. The hilly trail affords peaks of ocean through the brambles and ends at the ocean beach and bluffs. This easy-to-navigate trail offers a unique reward of coastal beauty. A great hike to an unspoiled beach.

Camp Hero State Park

Great spot for biking, hiking, exploring

This 415-acre state park is a decommissioned military base and a National Historic Site (also the home of conspiracy theories linked to the Philadelphia project). Several buildings, bunkers, batteries, and an old radar tower remain, although most are off limits to the public. Roads cross the park, along with an extensive system of trails for hiking, bicycling, horseback riding, a beach used by surfers and surfcasters, a picnic area with grills and an old maritime forest. To enter the park, bear right as you approach the lighthouse. Parking fee \$8 in season. Open daily year-round from sunrise to sunset. You can also park on Camp Hero Road (a right turn before Camp Hero along the highway) to hike Point Woods Trail, one of Montauk's most beautiful trails, taking you south of the highway to the bluffs.

STAYING SAFE: A TICK PRIMER

We all know that that Lyme Disease is transmitted through infected blood from a Blacklegged, or Deer, tick bite. Deer ticks require the presence of white-tailed deer to successfully complete their life cycle, hence the name. Ironically, ticks do not pick up the Lyme bacterium from deer but from other animals among the 300 species they bite.

If an attached tick is found, it should be removed carefully and promptly by gently and slowly pulling the tick out by grasping its head with tweezers. Use of insect repellants with high levels of DEET on your skin and repellants containing **Permethrin** on your clothing will also greatly reduce the threat. If you must go into tick areas, wear long sleeves and long pants, pull socks over pant legs and tuck in your shirt.

Be aware, alert, and safe as you enjoy Montauk!

Carol Morrison Park & Fort Pond House

Launch kayaks, canoes, or picnic

Carol Morrison Park, containing Fort Pond House, is located on a four-acre site overlooking Fort Pond with a grill station, benches, and open space for play. Steps down to the pond allow for launching kayaks, etc. Carol Morrison was a well-loved conservationist and it is appropriate that this park, which narrowly escaped being sold to private developers in 2010, should be named after her. The house on the premises is available for meetings and other events by appointment through the East Hampton Recreation Department, 631-324-2417.

Kirk Park

Close to town

This quaint three-acre park, just west of the village, is maintained by the Town of East Hampton. It includes Fort Pond, which is the second largest freshwater lake on Long Island, a picnic area, a pavilion on Fort Pond, and it's next to the Second House Museum (the oldest structure in Montauk) and Montauk Indian Museum. Fee may apply for parking.

Eddie Ecker County Park

Great dog spot, launch kayaks, canoe

Located at the end of Navy Road (cross the train tracks, turn left), the large, open park has a fishing pier, rocky beach and offers easy access to trails in Hither Woods Preserve. A good place for launching kayaks and canoes into Fort Pond Bay. Take your dogs to play. Open year round. Free parking.

Culloden Point Preserve

Great hike through a natural habitat

This park is named after the HMS Culloden, a British 74-gun, 170-ft warship that sank in 1781 about 200 yards from shore, where it still rests. A well-marked trail that takes about 2 hours to loop (a mile or less to the shoreline) leads from the parking area off Flamingo Avenue to a picturesque rocky beach on Fort Pond Bay. The trailhead is next to a small plaque commemorating the shipwreck. The natural wooded area and shoreline has seen little change from the days when the Montaukettts lived here in a world of hidden ponds, specimen trees, wetlands and beautiful shoreline. Great views of the bluffs at Culloden Point.

Walking Dunes

Self-guided dune hike, unspoiled nature

Part of Hither Hills State Park on the east side of Napeague Harbor, the Walking Dunes reach a height of 80 feet as they slowly move southeast. To get to the dunes, head west on Montauk Highway and turn right at Napeague Harbor Road and drive to the end of the paved road. Park here and follow the path to your right until you reach the dunes. A self-guided nature trail, the three mile loop has great views of Napeague Harbor and winds atop the ridge of the North Dune, which is the most active of the three parabolic, or U-shaped dunes. This area is a natural wonder and deceptively fragile so stay on the trails.

Hither Hills State Park

Fish, play, hike, bike, facilities

The large beachfront park along Old Montauk Highway sits on two-and-a-half miles of Atlantic Ocean beach and boasts 1,755 acres of parkland that stretches to Napeague Harbor. Along with hiking and nature trails, it has 168 campsites that can be reserved through ReserveAmerica.com. Activities include ocean swimming, saltwater fishing, guided nature hikes, and children's programs. Non-campers are welcome, but must pay a \$10 daily parking fee. Open year round from sunrise to sunset, 631-668-2554.

Hither Hills State Park Complex, Hither Woods Preserve and Lee Koppelman Nature Preserve

These adjacent multi-use parks, contiguous with Hither Hills State Park, contain 3,000 acres with 18 different trails covering over 40 miles of terrain stretching from the sound to the Atlantic. To access the trails north of Montauk Highway, park at either the highway overlook at Hither Woods (a large pull-off), the recycling center (1.5 miles west of the village on Montauk Highway), or at the Navy Road (Eddie Ecker Park) parking lot. Bike or hike to Fresh Pond or take a beautiful coastal walk at Rocky Point. Even though the trails are blazed with color-coded markers, hikers should take maps.

Trails at Montauk State Park

Montauk Point State Park

Lighthouse, fishing, hiking

This 724-acre park at the site of the Montauk Point Lighthouse offers breathtaking views of the sea, Block Island Sound, and Block Island to the northeast, and is great for bird watching year-round and seal watching in winter. Park then set off on foot to explore. Ask for a trail map at the toll booth. The park has surfcasting, five miles of marked and unmarked hiking trails, a picnic area with tables, a playground, restaurant, gift shop, and restrooms. Daily parking is \$8. The Montauk Point Lighthouse, a museum run by the Montauk Historical Society, is open daily in season. This park is contiguous with Camp Hero Park and the Sanctuary and there are several hiking trails that cross them. To the north of Montauk Highway, look for signs for Money Pond Trail, Oyster Pond trail and the Seal Haul Out Trail, where seals can be seen on the rocks just off shore in winter. Attractions: beautiful rugged shorelines, migrating birds, hidden ponds, seals in the winter.

Montauk Mountain

A vanishing natural element with rare plants

Montauk Mountain Preserve contains one of the few remaining maritime grasslands in New York and supports some of the state's rarest plants. It contains three extremely rare denizens of this distinctive and disappearing habitat: bushy rockrose, Nantucket shadbush, and New England blazing star. DO NOT TOUCH OR DISTURB these specimens. The six-acre preserve is maintained by the Nature Conservancy. To get there, follow Second House Road north 0.7 miles to an asphalt road on the left. Park at the end of the asphalt road by the Nature Conservancy sign. The preserve is at the end of the road past the last house on the right.

Guided Hikes

The East Hampton Trails Preservation Society conducts guided hikes year-round. Check out easthamptontrailspreservationsociety.org for details. The Concerned Citizens of Montauk, 631-238-5720, preservemontauk.org, an environmental advocacy nonprofit, helped preserve two thirds of Montauk's land. Drop by their office at 6 South Elmwood Avenue to learn about Montauk's environment and volunteer opportunities.

Montauk County Park

Hiking, views, fishing, camping

Two entrances: one at the end of East Lake Drive just north of the airport, where the park office is located, and the other at Third House, three miles east of the village on Montauk Highway. The park's 1,126 acres feature 3.5 miles of color coded nature trails restricted for hiking (a self-guided brochure is available), five miles of bridle paths, a picnic area, freshwater fishing and canoeing at Big Reed Pond, and surfcasting on the outer beach (Gin Beach and Shagwong Point). Camping is permitted for up to seven days from April through November on the outer beach for vehicles with permits that are self-contained trailers. Tents are not allowed. The view of Big Reed Pond from the observation deck on the blue trail will make you understand why it's a Registered Natural Landmark.

Shadmoor State Park

Easy hiking, great ocean views, WWII structures

Located two miles east of the village on Montauk Highway, this 99-acre tract of land has a half mile of ocean frontage where tall clay cliffs plunge down to a pebble strewn beach. About 30 percent of Shadmoor is freshwater wetlands with several small ponds hidden in the thickets. Trails and wider paths lead to the bluffs from the entrance on Montauk Highway, offering an easy walk. A passive-use park, Shadmoor was home to two WWII gun emplacement sites trained on offshore waters to deter German submarines.
